

In my opinion this boys clothes are so fashionable,I like his straw hat fits his belt,and his shirt perfect suit his blue shirts.

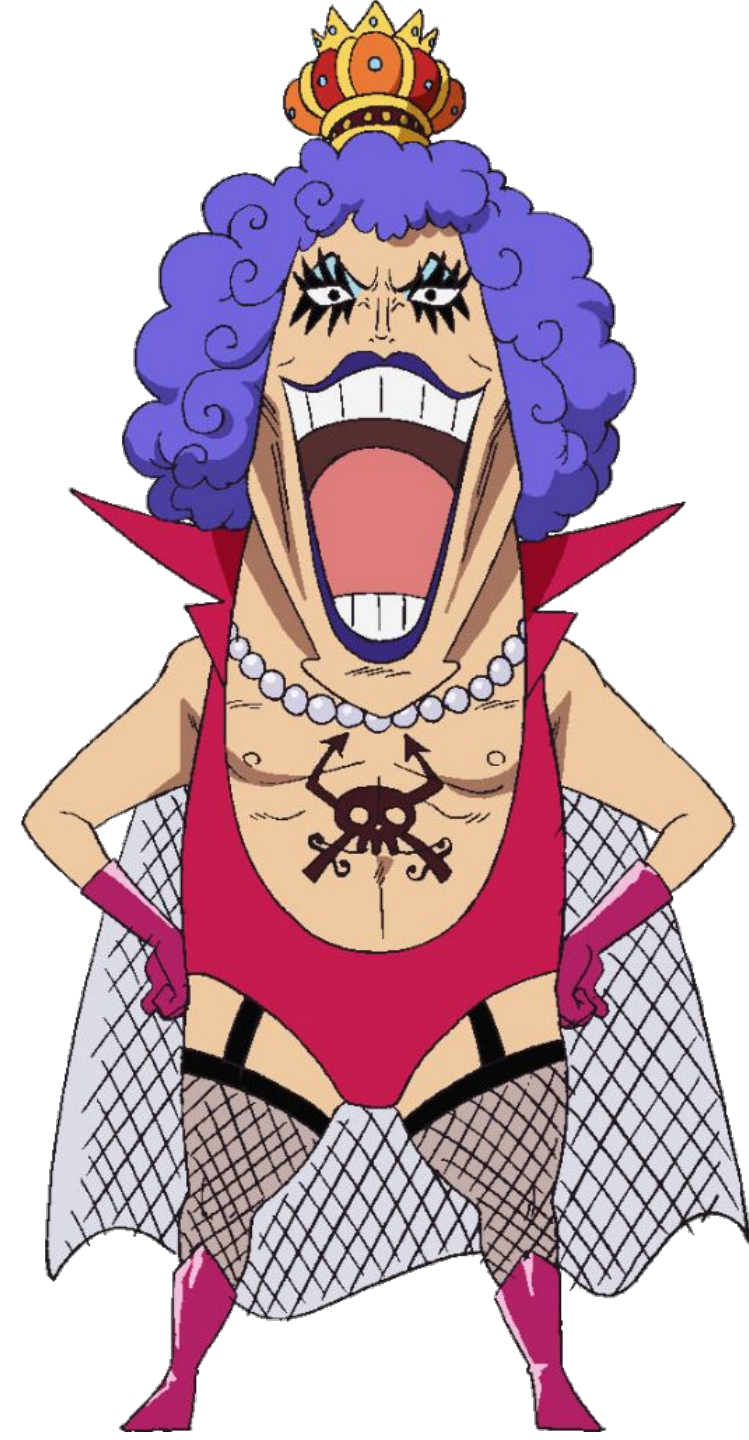

I am really into his combination of clothes. His green style is brilliant. He had light-green coat, that highlights his salad trousers with striped belt under coat. Dark-green armband fits with hair. At final his 3 legendary katanas 2 «king haki» and 1 «Haki of armaments»

This is example of women fashion,that I like.
Red hair and orange skirt fits really cool.
Marine white and blue striped t-shirt. I
think its perfect simple clothing

- SO,this is the best suit,that ive seen. Its perfect everywhere. Checkered tights with checkered mantle,pink «something?» with purple boots and gloves. His makeup is really awesome. I really like his fashion
