

In my opinion this boys clothes are so fashionable,I like his straw hat fits his belt,and his shirt perfect suit his blue shirts.

I am really into his combination of clothes. His green style is brilliant. He had light-green coat, that highlights his salad trousers with striped belt under coat. Dark-green armband fits with hair. At final his 3 legendary katanas 2 «king haki» and 1 «Haki of armaments»

This is example of women fashion,that I like.  
Red hair and orange skirt fits really cool.  
Marine white and blue striped t-shirt. I  
think its perfect simple clothing

•SO,this is the best suit,that ive seen. Its perfect everywhere. Checkered tights with checkered mantle,pink «something?» with purple boots and gloves. His makeup is really awesome. I really like his fashion
