Alyona Bezhitskaya

2021

We study in...

Federal State Autonomous Educational Institution of Higher Education
«Northern (Arctic) Federal University named after M.V. Lomonosov.
Abbreviated name: NArFU

NArFU was founded relatively recently. This year, on April 11, he turned 11 years old!

Our university was established in 2010 through the merger of Arkhangelsk State Technical University, Lomonosov Pomeranian State University, Arkhangelsk Forestry College of Emperor Peter I and Severodvinsk Technical College.

**NArFU is located in Arkhangelsk
at the mouth of the Northern Dvina, 30-35
kilometers from its confluence with the
White Sea.**

Rector of the University - Kudryashova Elena Vladimirovna

Higher schools have their own buildings.

The University campus in Arkhangelsk has more than 30 buildings of different sizes and number of storeys.

In addition, the campus includes a forestry college, workshops, a Center for collective use of scientific equipment "Arctic".

A kindergarten and a dispensary for students

SAFU owns 13 multi-storey dormitories.

A sports complex "BUREVESTNIK"

There are 7 higher schools and 2 institutes in the structure of the university

HIGHER SCHOOLS:

- Information technologies and automated systems
- Engineering School
- Energy, oil and gas
- Natural sciences and technologies
- Psychology, pedagogy and physical culture
- Social Sciences and Humanities and international Communication
- Economics, Management and Law

INSTITUTES:

- Humanitarian Institute (located in Severodvinsk)
- Institute of Shipbuilding and Marine Arctic Technology (formerly Sevmashvtuz, located in Severodvinsk)

More than 15,500 students are currently studying at NArFU.

NArFU is the most popular university in the region. It also trains a large number of nonresident and international students.

**THANKS FOR YOUR ATTENTION
GUYS**
