

We pollute the nature.

prepared project:
Vladislav Vorobev

We pollute the nature.

We live in a wonderful world. A thousand years the earth supported all forms of life . But now people are killing our planet.

We pollute the nature.

Many species on the brink of extinction.

Whale shark.

Big panda

We pollute the nature.

The world disappearing forests.

We pollute the nature.

The air in the city cleaner than in the city.

The choice is yours!!!
