Делал : Анцыгин Андрей

My hero is Leonidas — king of Sparta .He was considered a descendant of Heracles .

During the ten years of his reign Leonid didn't do anything remarkable, but he has immortalized his name the battle of Thermopylae (Hot gates). He defended with 6 thousand soldiers (including his personal guard of 300 Spartans) in the pass of Thermopylae when the Persian troops attack and was killed in battle.

- 200 000 Persians for two days unsuccessfully stormed Thermopylae. But the traitor Ephialtes had spent the night a squad of Immortals (Persian guard) mountain path in the bypass position Leonid to hit the Greeks from the rear. After receiving a message about it, Leonidas has saved most of the troops, sending him deep into the country, and he remained at Thermopylae with 300 Spartans. On their own were also 700 thespice under the command of Demofile and 400 Thebans under the command of Leontiades. To cover the retreat, the soldiers Leonid rushed to meet the Persians and hindered their advance as long until they all perished on the battlefield. Furious heavy losses and desperate resistance of the Spartans. Because of this heroic act, he became my hero .
