KOVKASV

Beautiful, reliable, modern

KOVKASV is a creative workshop of artistic forging preserving the heritage of the great masters such as Vasily Zuev. He was the last portrait painter of the Imperial Romanov family. For a long time he worked in the world famous house of Fabergé.

The manufacture of the exquisite forged products is located in a small town of Cherdakly, Ulyanovsk region, where the famous artist Vasily Zuev spent the last twenty five years of his life. This is where the conceptions of the one-of-a-kind interior items collections — stairs, banisters, couches, and chairs — are born and brought to life.

The magnificent crystal-encrusted banisters are the gem of the collection. They adorn the house just like a necklace adorns a royal lady.

Interior forging can change any room making it more charming and peculiar.

The advantages of our forged products:

- They are made of certified metal;*
- Their construction is solid and resistant;*
- You can always expect an individual approach;*
- We combine metal with wood, crystal, and stone.*
