

The Best of All Possible  
World's

Australia

I would like live in Australia, because there is a lot of sun and sea. In winter, here the temperature drops at least 15 degrees Celsius , so we can say, summer lasts all year.

In Australia, almost all the big cities are located on or near the coast. So wherever you are settled, ocean beaches be near.

Despite the fact that 40 percent of Australia is desert, this country has the unique nature and interesting animals. For example: platypus, koalas, kangaroos .

Australia is one of the developed countries. And it ranks highly in many areas, such as quality of life, health, education
