React.js

Node.js

Mobile:

Java

React.native

Objective-C

SWIFT

Open GL

Cloud solutions:

Amazon Web Services

Microsoft Azure

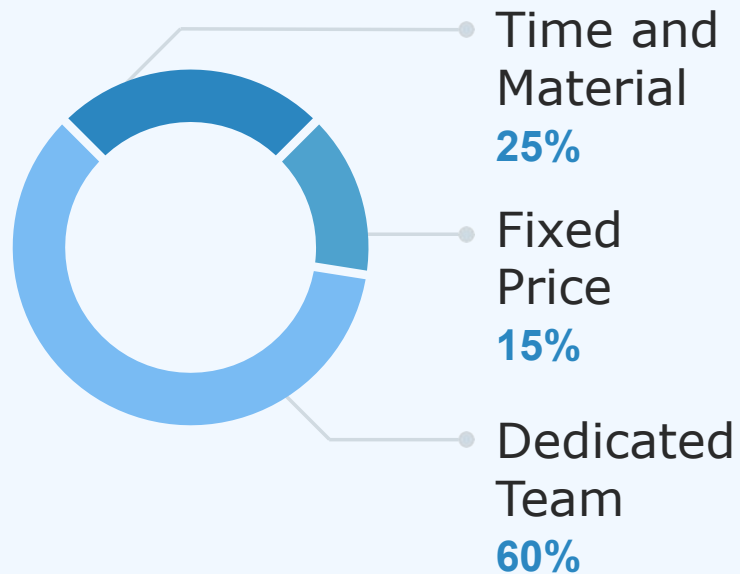

Google App Engine

Go

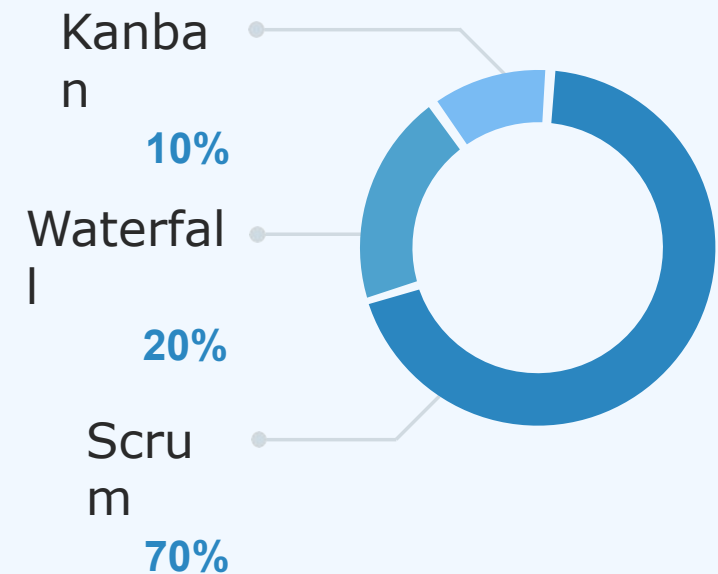

Gin

How we work

Engagement models

Methodologies

Dedicated Team Model

Dedicated team in our office

DDI Development employees fully take over the engineering, and you gain full control over their working time.

Hybrid team 50/50

Our specialists work both in your offices and in our development centers.

Team Relocation in your office

Our engineers work in your offices. They are fully engaged in your business process.

Time&Material and Fixed Price Models

Fixed Price

We work on your project according to the pre-approved time and budget.

Time&Material

If you have tasks, our technical experts can start realizing it and you pay only for the spent time.
