

A blue and white patterned snake, possibly a corn snake, is coiled on a purple background. The snake's body is covered in a complex pattern of blue and white spots and bands. The text "Введение в классы" is overlaid on the snake's body in a white, sans-serif font.

Введение в классы

```
class Vehicle:
    def __init__(self, name='', speed=0):
        self.name = name
        self.speed = speed
        self.on_the_way = False

    def start(self):
        if not self.on_the_way:
            self.on_the_way = True
            print(self.name, 'поехал!')
        else:
            print(self.name, 'уже едет.')
```

```
my_car = Vehicle('Nº1', 4)
opposite_car = Vehicle('Nº2', 3)
```
