Dear Meg,

My family and I were at the sea in July and we loved it there. Our hotel was big and very comfortable.

There were a lot of cosy cafés and shops near it. There was a modern cinema and a concert hall too. The hotel had a good swimming pool and

I often went there. The room had a television, a fridge and a shower. The hotel was near the sea in a very beautiful place. The weather in July was wonderful, hot and sunny. We had a very good time and met some very pleasant people. The children enjoyed it a lot. They say they had the best holidays ever.

Now we are at home and there are a lot of things to do. School begins next week. My work begins next week too. We are going to visit my parents at the weekend, clean the house and water the garden. Come and see us soon.

(ex. 5, p. 45)**

I usually go to the country for my summer holidays and I enjoy it there.

Last summer I went to the sea with my parents. We travelled there by train. I liked the sea very much.

Next summer I'm going to England. My sister and I are going to live at our friend's place. We are going to see some interesting places in England and Scotland.

I would like to go abroad to the USA and have my holidays in Florida.
