ANCIENT OLYMPICS

- the earliest Olympic records date back to 776 BC .The Greeks held the games once every 4 years for more than 1000 years .the ancient Greeks considered games so important that if there was a war in the country it crept in but not games

- in the ancient Olympic Games there was only one competition - a running race of about 183 meters .only men could participate in it .the winners of the games became heroes in the country

OLYMPIC GAMES NOW

- ◉ at the end of the 19th century , the French nobleman Pierre de Coubertin proposed the idea of reviving the Olympic Games .with the help of people who supported him, he organized the first modern Olympic Games.also now the committee is choosing a venue for the upcoming Olympiad .it is a great honor to become an Olympic city

PARALYMPIC GAMES

- The Paralympic Games are an important international sporting event in which athletes with physical disabilities participate. The Paralympic Games began in 1948

THE 2021 OLYMPIC GAMES
