

Shoegaz

e

421

Perfilieva Anastasia

Origin

- Emerged in the United Kingdom in the late 80s, become less popular in late 90s, and the genre revived in 2010s with growing nostalgia.
- **Holy trinity:** My Bloody Valentine, Ride, Slowdive.
- **Other famous bands:** Cocteau Twins, Lush, Ringo Deathstarr, M83...

Features

- *shoegaze* is meant to describe a scene of bands whose overwhelming amount of pedals led them to simply stare at their shoes while playing on stage
- guitar distortion, feedback, dreamy layered vocals
- feels like waves of sound building a wall encase you
- close to dream pop, post punk and lo-fi
- shoegazers are looking coy and pre-occupied on stage

- How much distortion do you want?
- Yes.

Just watch and listen...
