

London Buses

What can you say?

London Buses Before and Now:

- **The new double-decker bus is made out of lighter materials, more energy saving and environmental protection.**

- **It can take 87 people, with two door, which door has the foldable board the slope for multiplication wheelchair use.**

- **The cost of the new double-decker bus for a car is 7.8 million Euros.**

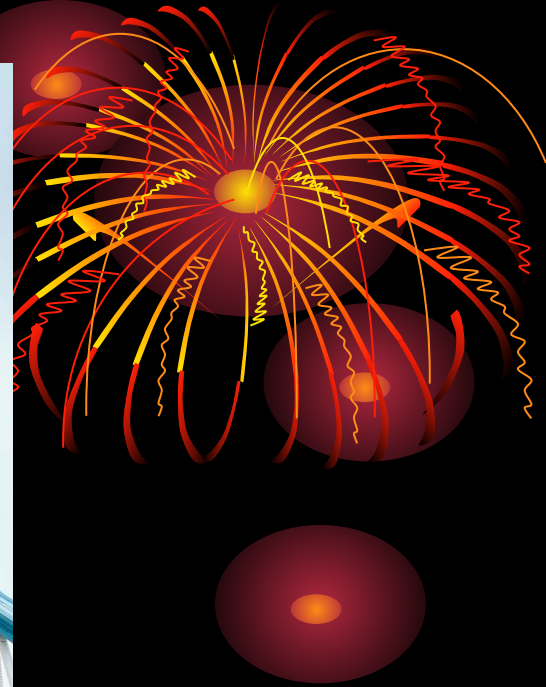

- **Traditional double-decker bus "Routemaster" has been put into use since the 1950s has a unique landscape of the streets of London until 2005, before gradually fade out of sight of the people.**

Questions:

- **Try to make comparison sentences.**
- **Do you agree to dispose the old buses? Why?**
- **Which design you like the most?**
- **How will you compare the buses in China and London?**

Thank you

Wish you a pleasant day!
