# INTRODUCTION

- ❑ Since, the independence of india the national symbols were made at different times in history.
- ❑ There are in total **17 national symbols** that exist today.
- ❑ Apart from the national symbols, each sector of different industries are known for their specific symbols.
- ❑ Some of those are industrial sector, food sector, agricultural sector, etc.

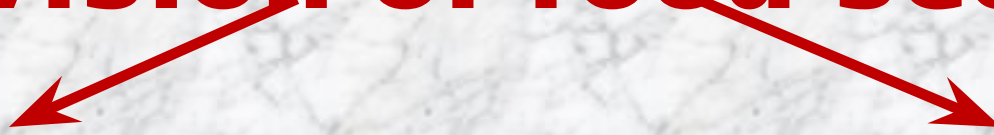

# FOOD SECTOR

- ❑ India is a country with great unity in diversity.
- ❑ People of different states have different preferences in foods, therefore there is **no national food of india.**
- ❑ Rather, there are official foods of different states.

Diamond Polishing Industry

# Textile industry

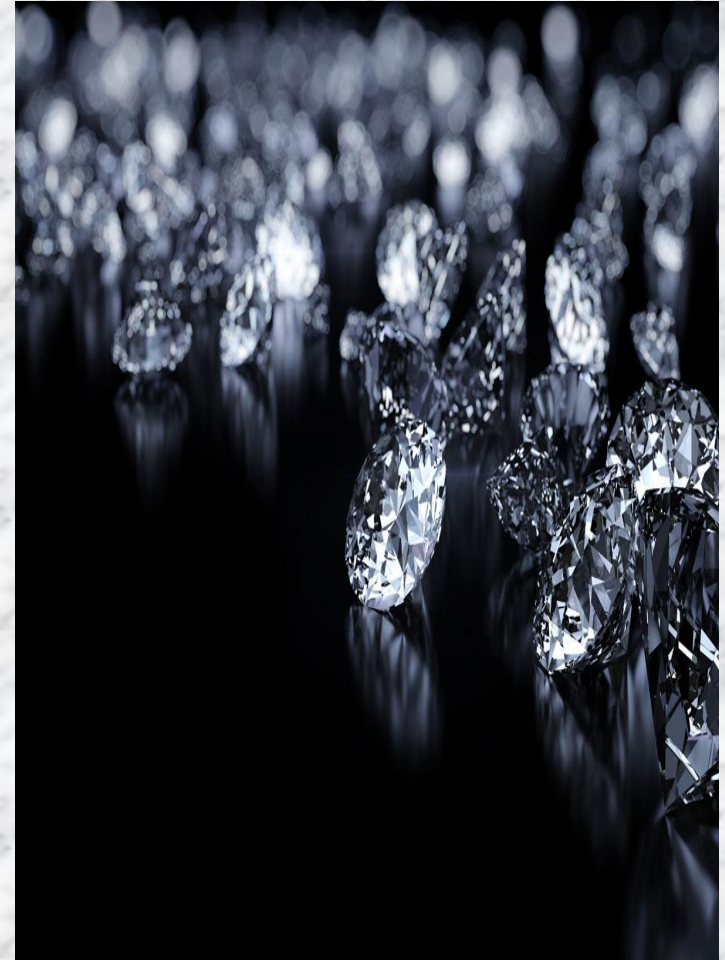

- ❑ The textile industry continues to be the second-largest employment generating sector in India.
- ❑ India is on 2<sup>nd</sup> position in global textile manufacturing.

# Diamond cutting industry

- ❑ **Diamond cutting** is the practice of shaping a diamond from a rough stone into a faceted gem.
- ❑ In india only one city i.e. surat has the diamond cutting business which led to its name as '**The diamond city of india.**'
- ❑ India in recent years has held between 19–31% of the world market in polished diamonds .

# **CONCLUSION**

- ❑ Official symbols are usually made to define the individuality of a certain thing.
- ❑ By the official foods different states have their own individuality.
- ❑ Similarly, in industries the one's that stood out more are considered more prominent.
- ❑ Though, a lot more sectors exist but these two sectors stood out the most prominent for me.
