## THE DEFINITION

**Style** is  
a particular, distinctive, or  
characteristic mode of action or  
manner of acting

STYLE

# THE DEFINITION

**Fashion** is a complex of the habits and tastes ( for example clothes) dominating in a certain public environment in a certain time.

# FASHION

# THE DIFFERENCE

**The fashion** is changeable, but it is a certain impulse to novelty, to search and creativity. The fashion is a change of images and forms.

**Style** consists of very many factors, it is important to take features of your personality that it looked harmoniously as a basis of style. Style is formed by clothes, manners, a way of life, age, tastes of the person and many other things.

**Style** – size much bigger, than fashion.
