

PROJECT

THIS SUMMER I VISITED NEW
YORK WITH MY FRIENDS.DURING
THE WEEK I LEARNED A LOT
ABOUT THIS CITY.

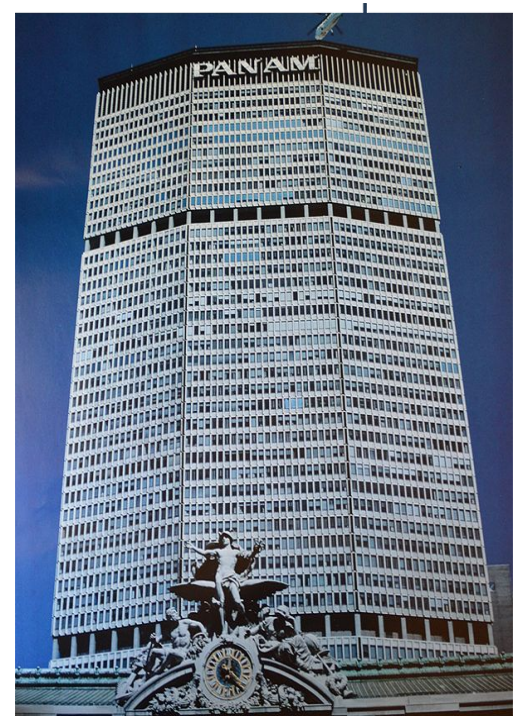

New York

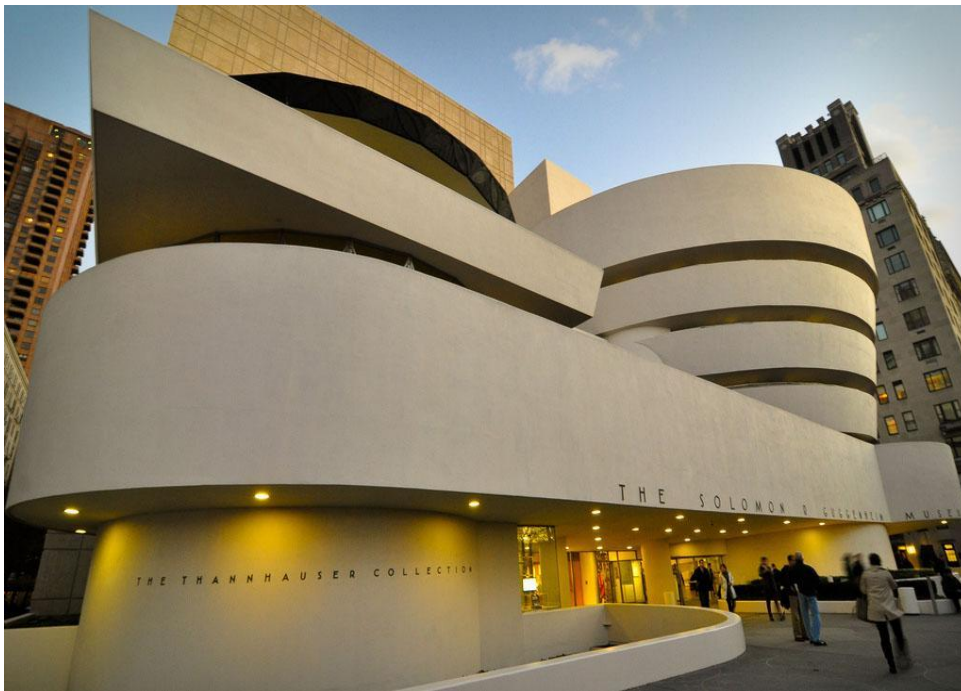

NEW YORK CITY IS "CAPITAL OF THE WORLD".
THIS CITY IS SITUATED ON THE NORTH-EAST OF USA.
THIS CITY IS ABSOLUTELY HUGE AND ITS GROUND
AREA IS ABOUT 302 SQUARE MILES.

NEW YORK IS ON THE HUDSON RIVER
AND CONSIST OF FIVE BOROUGH:MANHATTAN,BROO
KLYN,QUEENS,STATEN ISLAND AND THE BRONX.
THE ATMOSPHERE IN NEW YORK IS VERY BUSY AND
LIVELY.NEW YORK IS VERY BEAUTIFUL AND BRIGHT.

The most fascinating part of the city
famous sights:the Empire State
Building,and the Chrysler and the Pan
American Buildings.Skyscrapers are very
interesting.

The most interesting building is Guggenheim museum. It was designed by a famous architect, Frank Lloyd Wright, who broke all the old standard rules and came up with a totally new concept of style.

It was a fantastick expensive to see the fantastic musical!Thousands of people come to Broadway to see this great show.

Thats because theres nothing like Chicago live-the atmosphere is electric and the tears are real

I was greatly impressed by discover the story behing the creation of the Rockefeller Center! We find out all about the times when the building was being built.

The most amazing place was is the Statue of Liberty. We learned that the millions of immigrants who had to come to America by sea were welcomed by a very tall woman. She was wearing a robe and her right arm was holdihg a torch high in the air. The woman is still there looking out to sea. She is the Statue of Liberty, one of the most famous symbols of America

Personally, I think that NYC is a fantastic place to visit.

Don`t waste your time and try to visit this place as soon as you can!
