

BATTLESHIP

Superlatives

by HERBER

Battleship

Divide the class into four or five teams. Each team will appoint a captain.

The turns can be established by throwing a dice.

The first team must choose a box on the panel in order to find and sink the hidden ships.

The captain will say the letter and the number of the box where they intersect. If they find a ship, they must answer a question within the time limit (8 seconds) to get a point and keep their turn.

If they miss, they will lose the turn and the next team will have the chance to answer the question and get the point.

A square button with a blue gradient background and a white play button icon (a right-pointing triangle) is located in the bottom right corner of the slide. The word "PLAY" is written in white capital letters to the right of the icon.
