**Утренняя  
звезда**

An aerial photograph of a vast, arid desert landscape, likely the Grand Canyon, showing deep, winding canyons and rugged terrain. The scene is overlaid with numerous translucent, realistic-looking water droplets of various sizes, scattered across the top and right sides of the frame. The lighting is soft, creating a hazy atmosphere over the canyon.

# КАЛІСТО

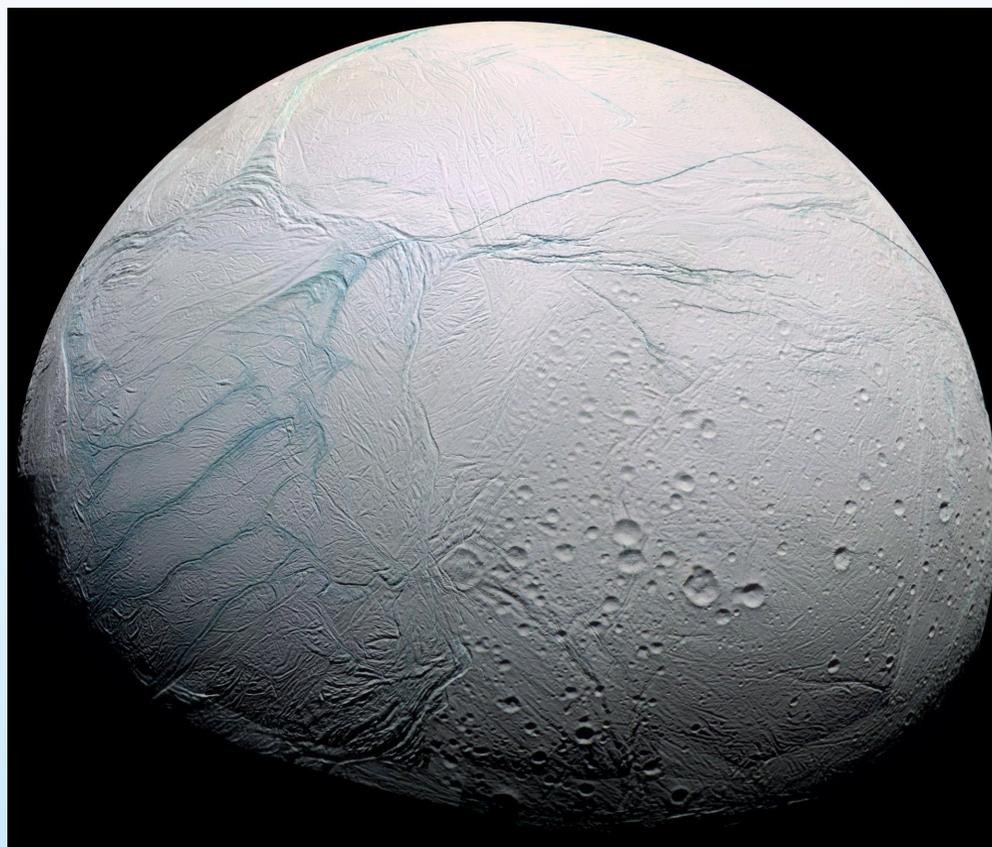

The background features a dark, almost black, space-like environment. On the left, a large, dark grey sphere is partially visible. In the center, a series of concentric, dark grey ripples emanate from a point, creating a sense of depth and movement. Scattered throughout the scene are numerous bubbles of varying sizes, some appearing to float in the dark space, while others seem to be on the surface of the ripples. The overall aesthetic is clean, modern, and ethereal.

# ЭНЦЕЛАД

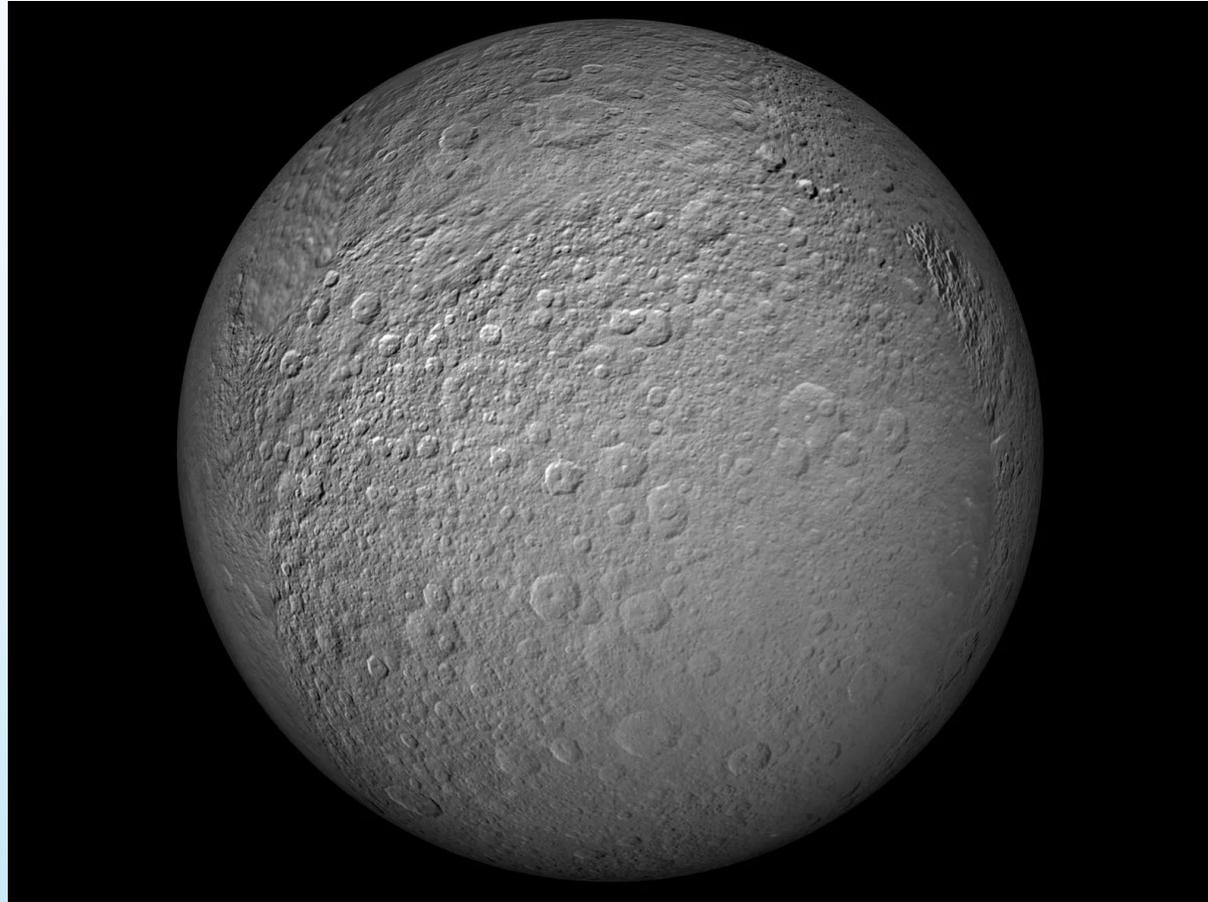

Модель холодных гейзеров Энцелада

Одна из возможных схем криовулканизма на Энцеладе

**РЕЯ**

A stylized illustration of the planet Uranus, showing its characteristic blue-green color and a system of rings. The planet is centered in the frame. The background is a dark, starry space filled with numerous translucent, glowing bubbles of various sizes. The word "УРАН" is written in a white, serif font across the middle of the planet's surface.
