IF I WERE THE MAYOR

If I were the leader of my town I'd make a lot of transformations and change its original appearance. Firstly, I'd appoint the group of people, who would control the situations on the beaches, parks, squares and other social places, and fine those who drop litter everywhere. Then I want to repair and paint all houses because I'd like to see them perfect and nice, comfortable and clean. I would like to plant a lot of flowers, trees, decorative grass, our earth must be nice. In summers it's necessary to place more bins on every street corner in order people don't drop litter in streets. In my town all inhabitants will be happy. Moreover I'd build houses for homeless people and give them work.
