# PLAY THE GAME

**"BAD  
CARD"**

# The teacher

Got a stack of flashcards in her hand or on the board and is turning them over, one by one.

Get the students to sit on the chairs in front of her.

The teacher demonstrate cards but one is "bad card"

The students shout out the name of the picture on each card. When the teacher turn over the "bad card" the students shout,

"Ahh!  
Bad card!"

and stand, turn around, and then sit back down.

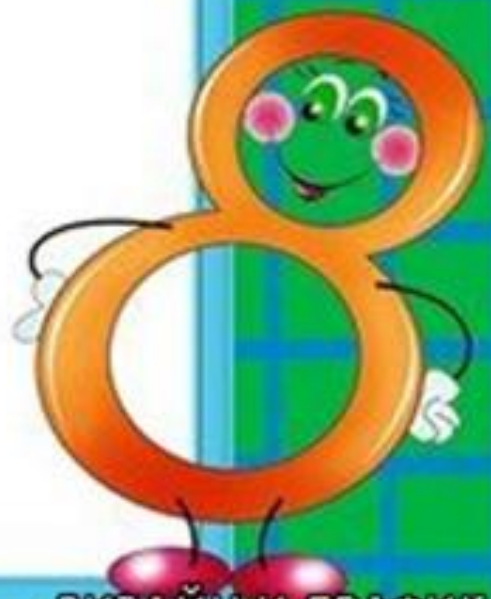

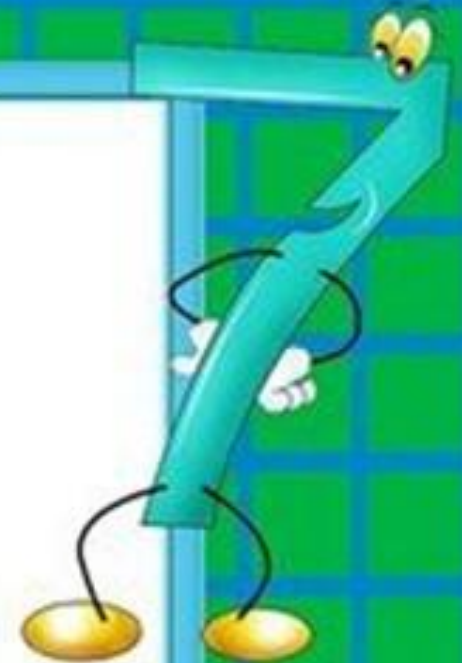

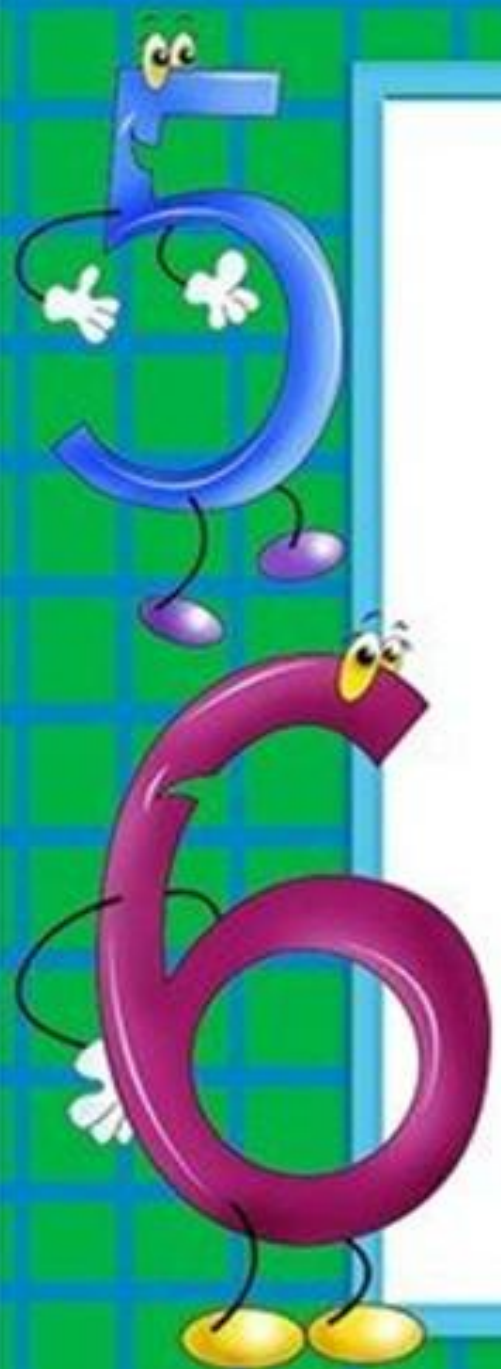

The last student to sit down loses.

**"punishment"** - the student should roll the dice and then run that number of lengths of the classroom.
