## Classwork

### Ex. 2 p.26

I live in a detached house. There are six rooms in it. There are two bedrooms and a bathroom on the first floor. The kitchen, the living room and the dining room are on the ground floor. In the bedrooms there are beds, a wardrobe and desks. There is a guest room on the ground floor with a bathroom. In the living room, we have an armchair, a sofa and a TV. We prefer colours: light pink and yellow in the wallpaper and furniture. In the kitchen, we have all necessary appliances: a cooker, a fridge, a dishwasher and a microwave. Outside there is a drive and a garden. The drive leads to the underground garage for two cars. My grandparents are keen on gardening, so you can see beautiful flowerbeds.
