

Quiz

A close-up photograph of a vibrant green leaf with a single water droplet hanging from its tip. The droplet is about to fall into a pool of water below, where it has just created a series of concentric ripples. The background is a soft, out-of-focus green, suggesting a natural, outdoor setting.

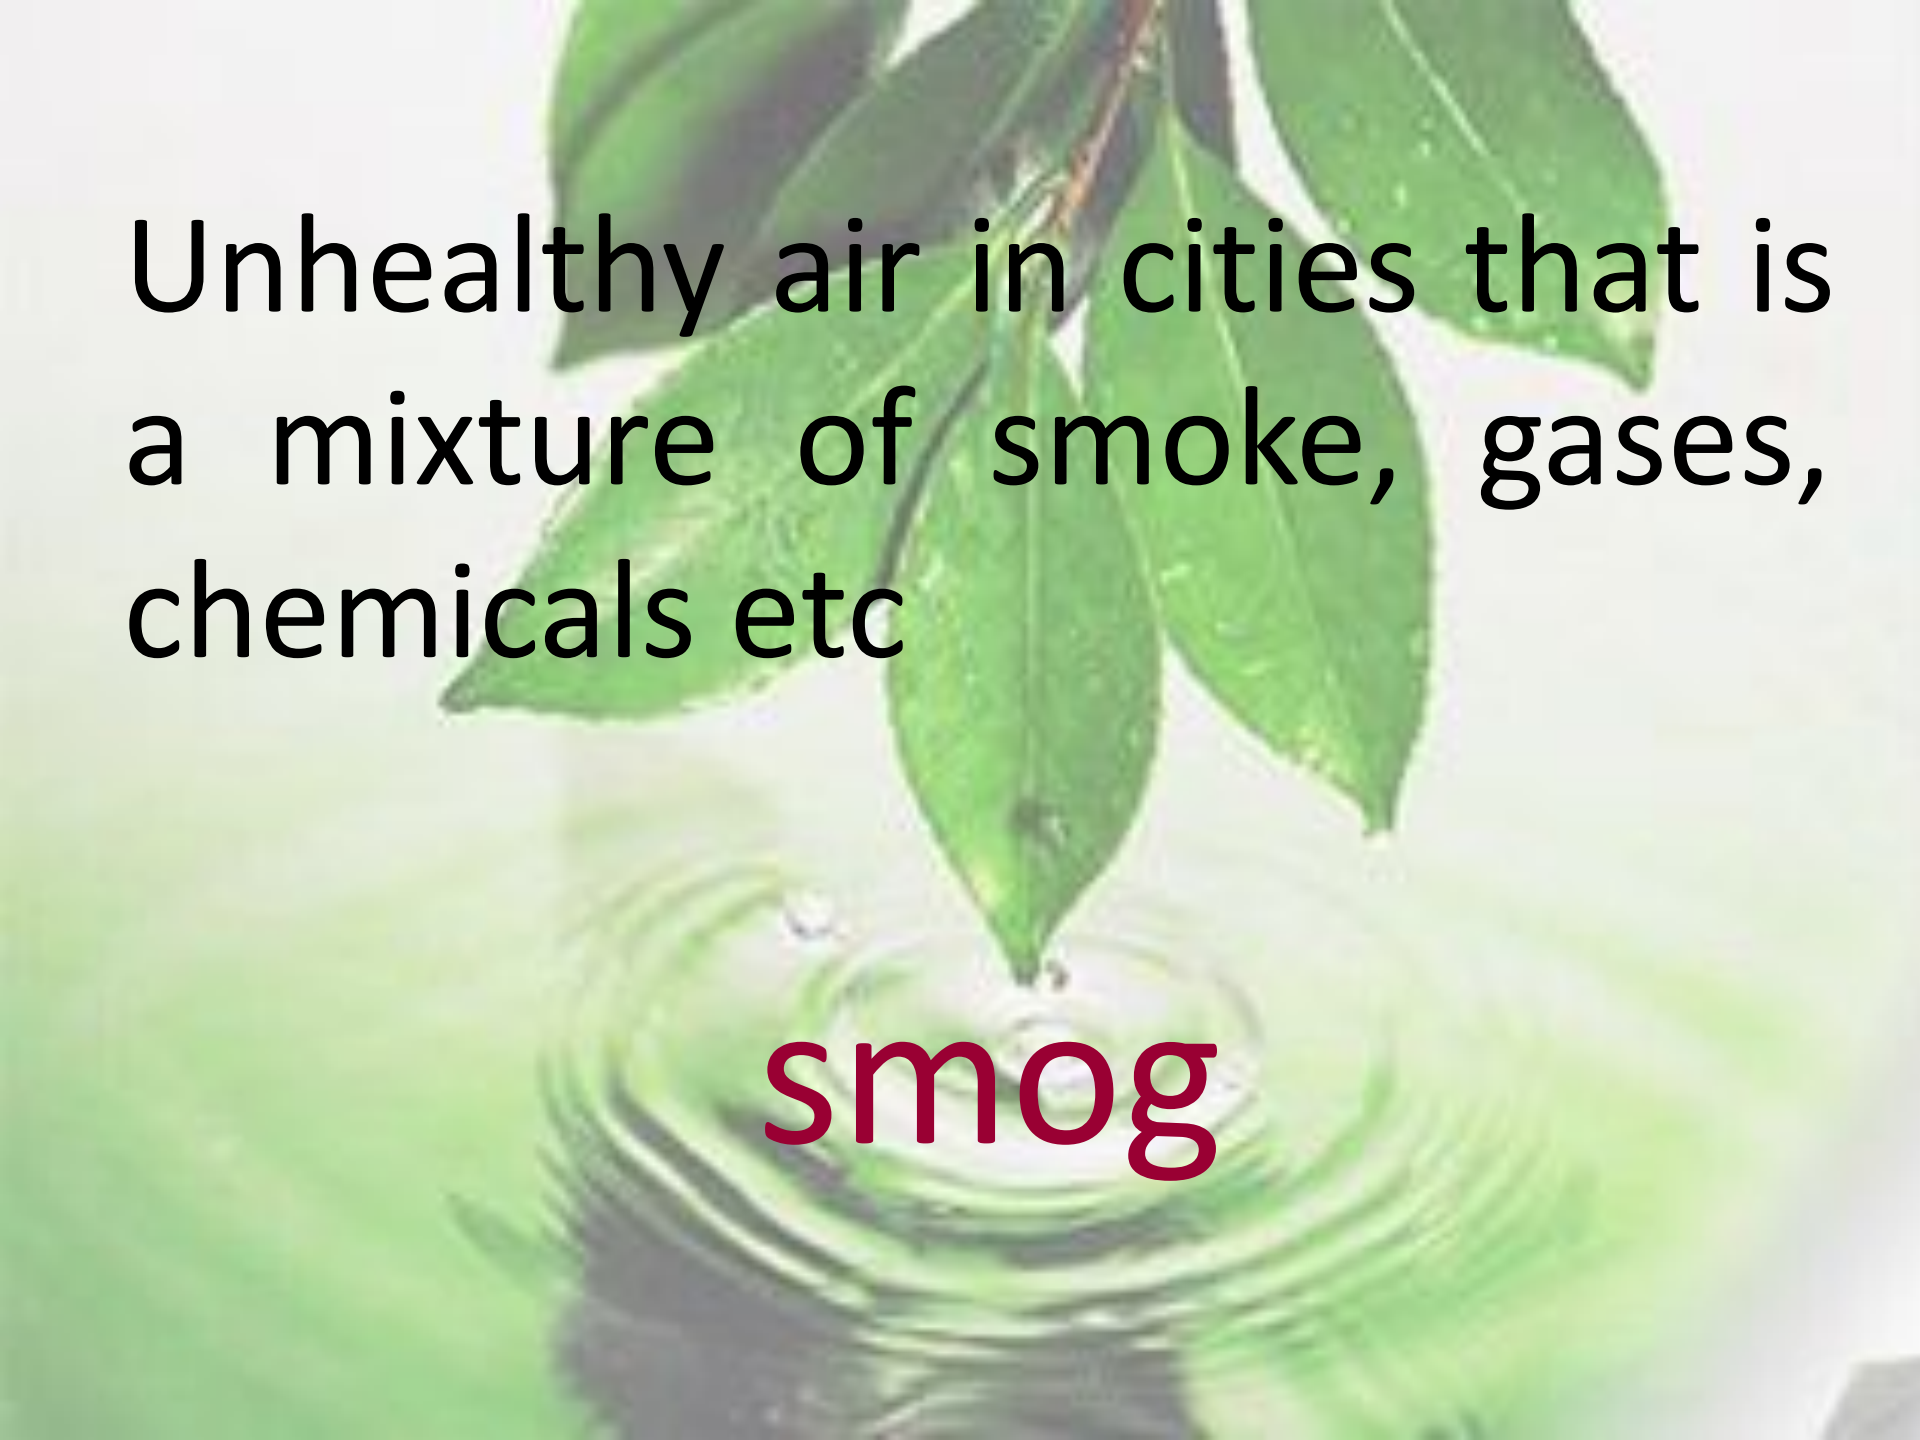

The relationship between
plants, animals, people, and
the environment, or the
study of this

ecology

A close-up photograph of a vibrant green leaf with a single water droplet suspended just above its tip. The droplet is about to fall into a pool of water below, where it has just created a series of concentric ripples. The background is a soft, out-of-focus green, suggesting a natural, outdoor setting. The overall image conveys a sense of nature and environmental purity.

Harmful chemicals and waste, and the damage they cause to the environment

pollution

A close-up photograph of a vibrant green leaf with a single water droplet suspended just above its tip. The droplet is about to fall into a pool of water below, where it has just created a series of concentric ripples. The background is a soft, out-of-focus green, suggesting a natural, outdoor setting.

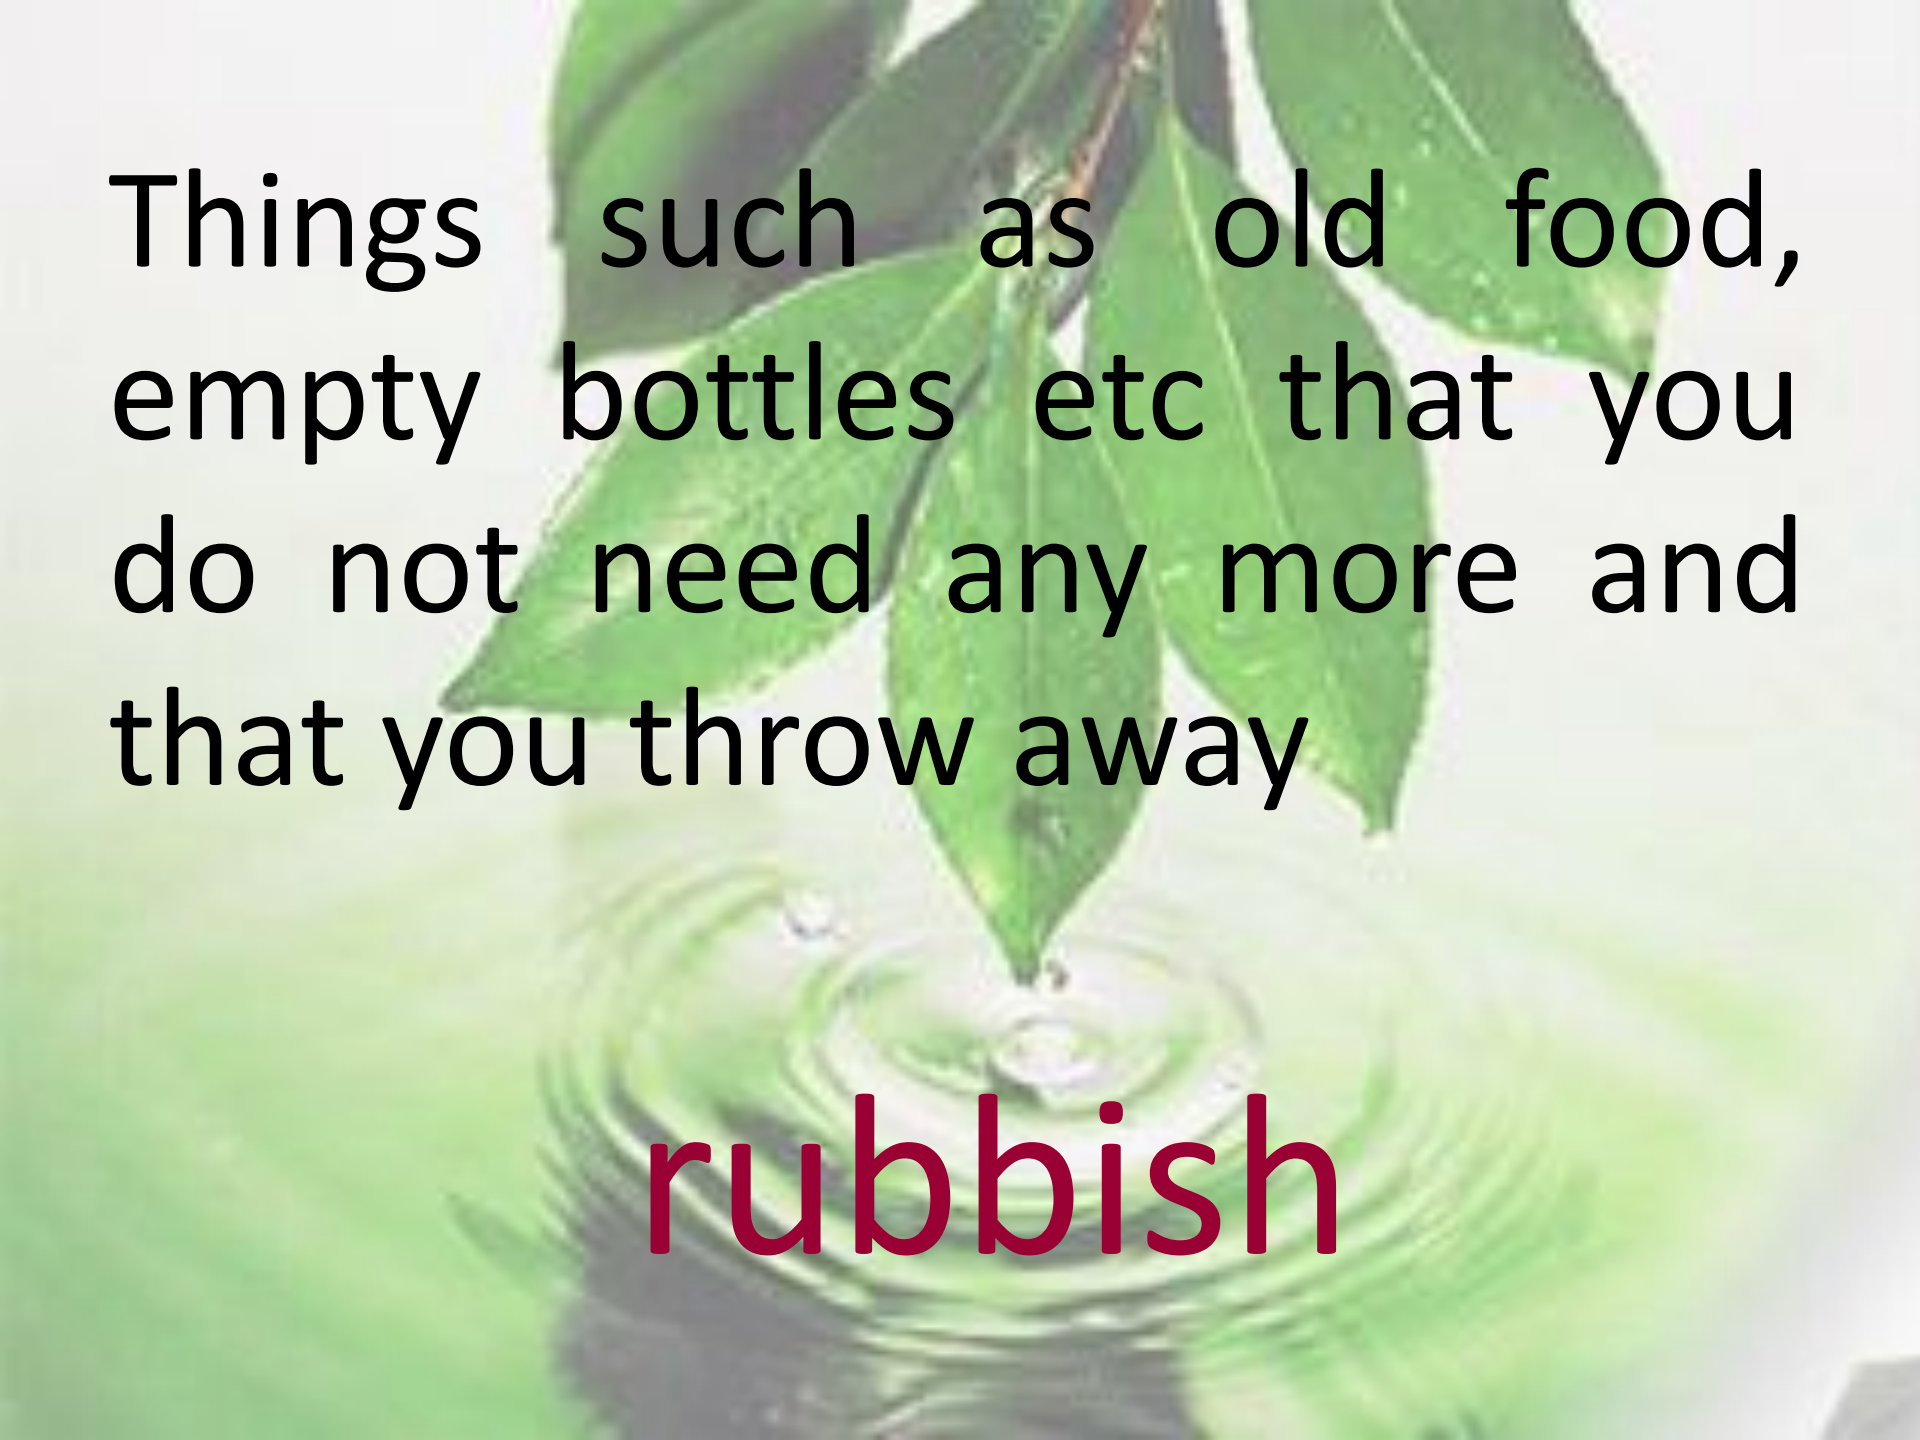

Unhealthy air in cities that is
a mixture of smoke, gases,
chemicals etc

smog

A close-up photograph of a green leafy branch. A single water droplet is captured mid-fall, just above a pool of water. The impact of the droplet has created several concentric ripples on the water's surface. The background is a soft, out-of-focus green, suggesting a natural outdoor setting.

A place where garbage is
buried underground

landfill

A close-up photograph of a vibrant green leaf hanging from a branch. A single drop of water is captured mid-fall, just above a pool of water. The impact of the drop has created a series of concentric ripples that spread outwards across the surface of the water. The background is a soft, out-of-focus green, suggesting a natural, outdoor setting.

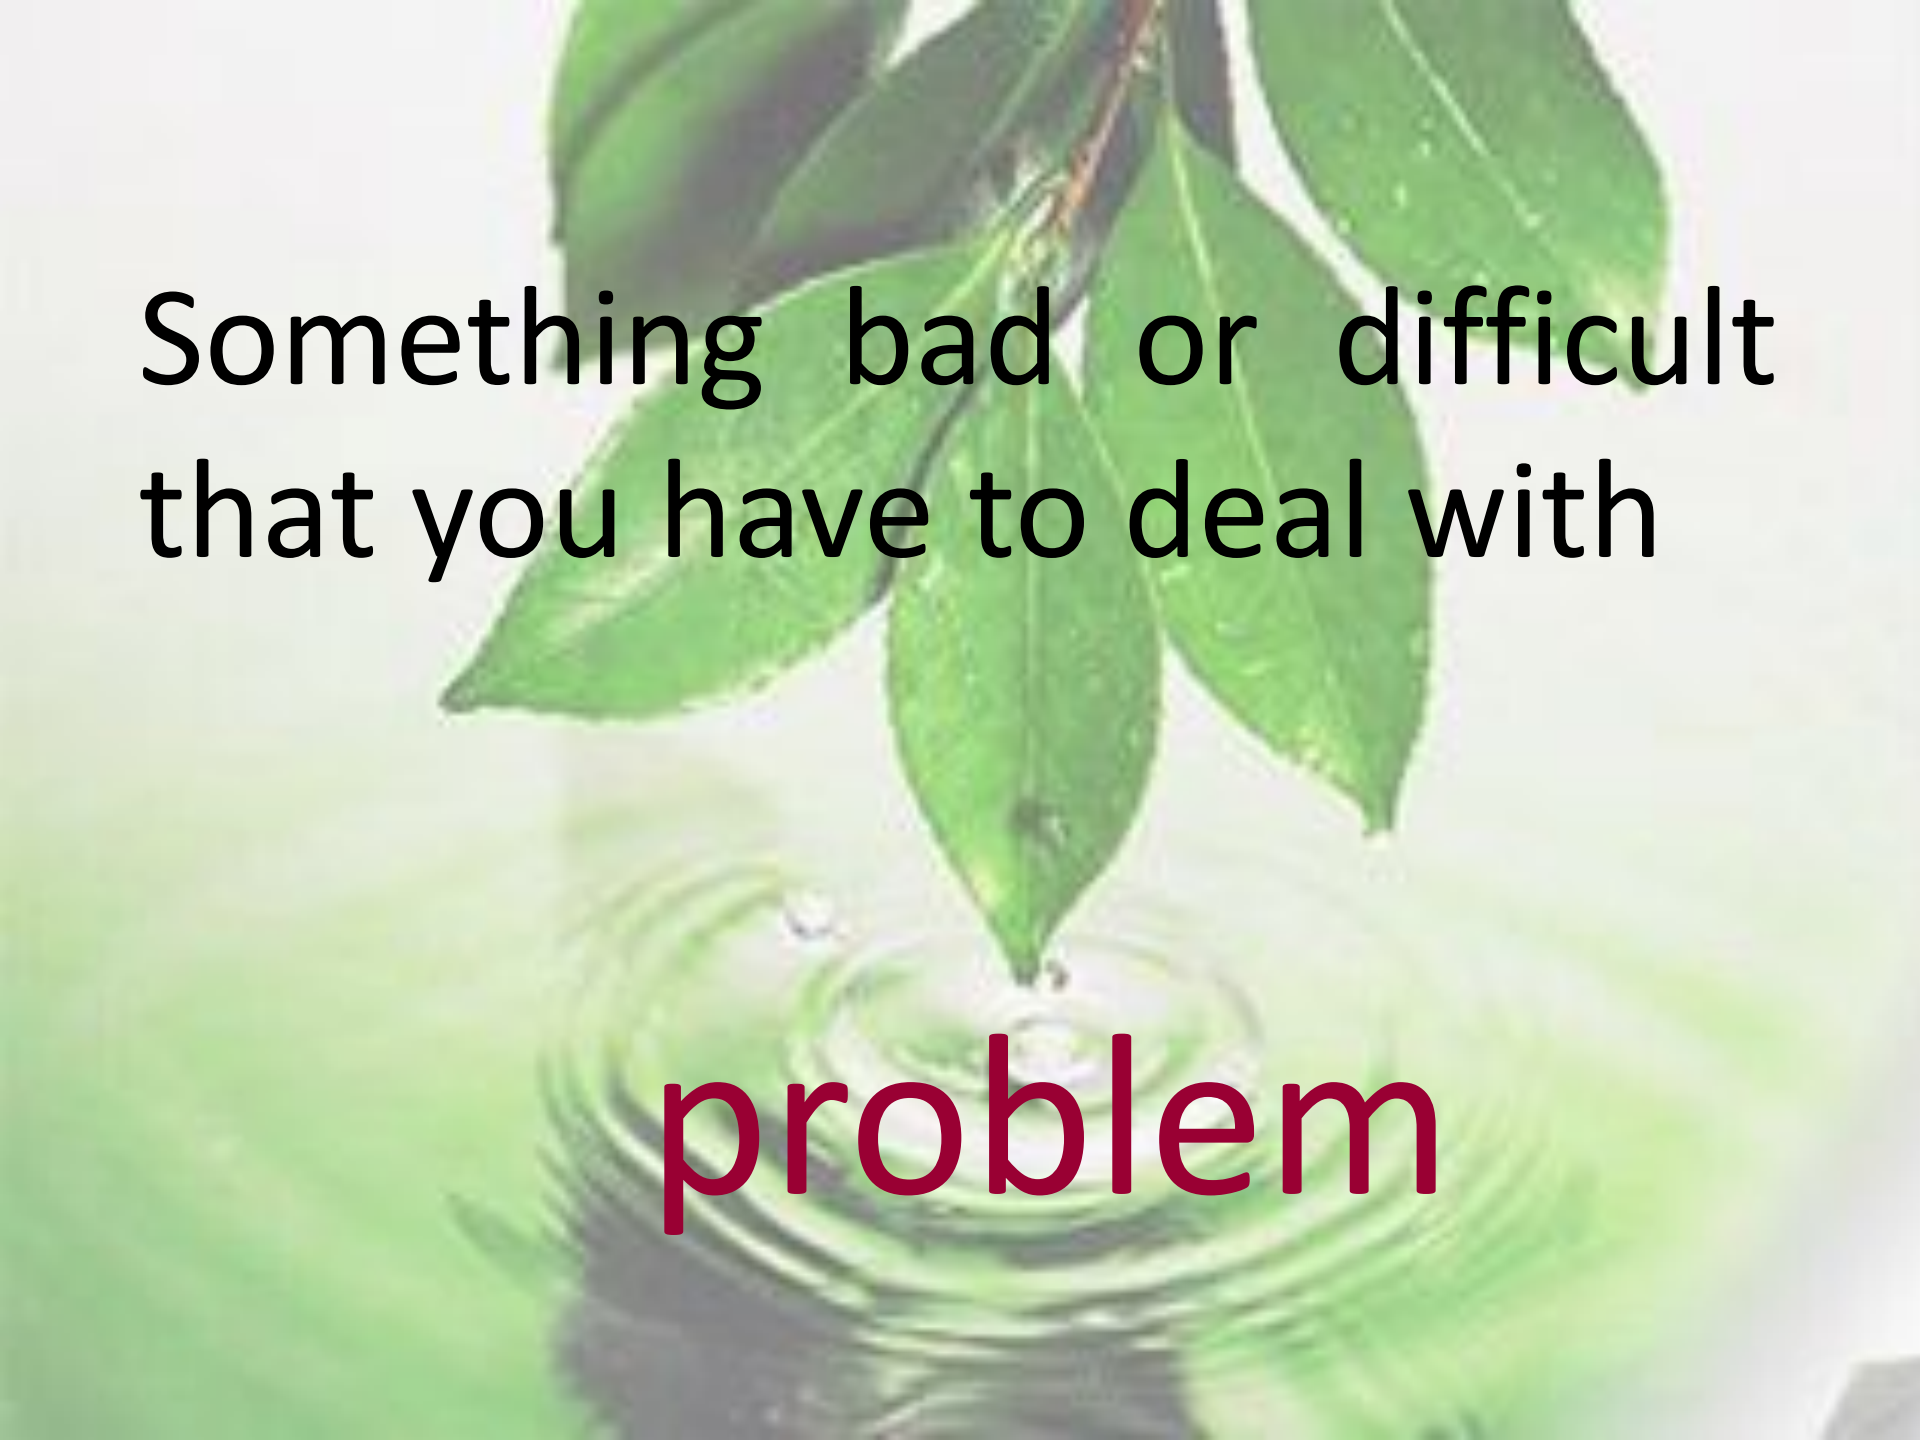

Things such as old food,
empty bottles etc that you
do not need any more and
that you throw away

rubbish

A close-up photograph of a vibrant green leaf hanging from a branch. A single drop of water is captured mid-fall, just above a pool of water. The impact of the drop has created a series of concentric ripples that spread outwards across the surface. The background is a soft, out-of-focus green, suggesting a natural, outdoor setting. The overall mood is fresh and clean.

To make the amount or size
of something less than it was
before

reduce

A close-up photograph of a vibrant green leaf hanging from a branch. A single drop of water is captured mid-fall, just above a pool of water. The impact of the drop has created several concentric ripples that spread outwards across the surface of the water. The background is a soft, out-of-focus green, suggesting a natural outdoor setting.

Something bad or difficult
that you have to deal with

problem

A close-up photograph of a green leafy branch. A single water droplet is captured mid-fall, just above a pool of water. The impact of the droplet has created several concentric ripples on the water's surface. The background is a soft, out-of-focus green.

Synonyms of the word
“rubbish”

garbage trash
litter waste

A close-up photograph of a vibrant green leaf with a single water droplet about to fall from its tip. The droplet has just hit a surface of water, creating a series of concentric ripples that spread outwards. The background is a soft, out-of-focus green, suggesting a natural, outdoor setting. The overall image conveys a sense of freshness and environmental care.

We must also recycle paper, glass and other materials that people can use again.

We know now that we
must do more to
protect the environment.
