ПУТЕШЕСТВОВАТЬ.

# ДЛЯ ЧЕГО НУЖНО ПУТЕШЕСТВОВАТЬ

- Travel allow not only to gain some life experience, but also help to look at life with brand new eyes.

Travel helps us to understand what we want from life and that for us the most interesting. When you arrive in any country, you will undoubtedly get acquainted not only with the local people and sights, but also know the culture of this place, the customs and traditions of the people. Such trips help us to find many interesting ways to live and find my purpose. In different countries go for different reasons. Someone is planning to put an ad looking for a wedding photographer inexpensive to celebrate exotic celebration, someone looking for enlightenment among monks, and some study of historical sights.

Traveling gives the opportunity to become independent and learn to survive in any conditions. Travel planning, paperwork, orientation in a totally unfamiliar place, as well as the study of foreign languages allows you to learn to take their own decisions in their life.

# ЧТО ДАЮТ ПУТЕШЕСТВИЯ ИЛИ ПОХОДЫ
