A wide-angle photograph of a calm, deep blue ocean stretching to the horizon. The sky is a clear, vibrant blue with wispy white clouds. On the left side, a bright sun is partially visible, creating a shimmering, multi-colored reflection on the water's surface. The overall scene is serene and expansive.

Загадки.

1. Днем спит, ночью летает,  
прохожих пугает.

2. Никого не  
обижает, а сам  
всех боится.

3. Кто зимой холодной ходит  
злой, голодный.

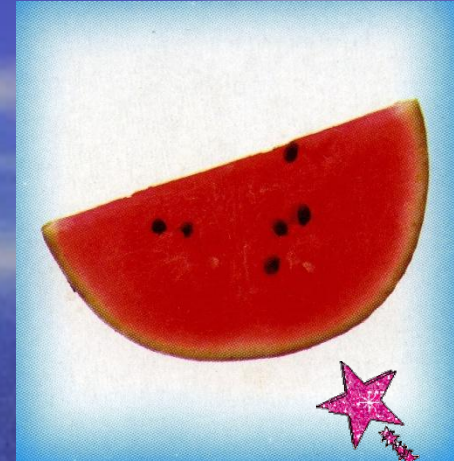

4. В воде купался, а сух остался.

5. Сам алый, сахарный; кафтан  
зеленый, бархатный.

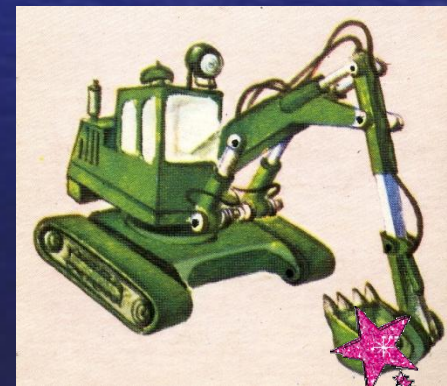

6. К нам во двор забрался  
крот.

Роег землю у ворот.

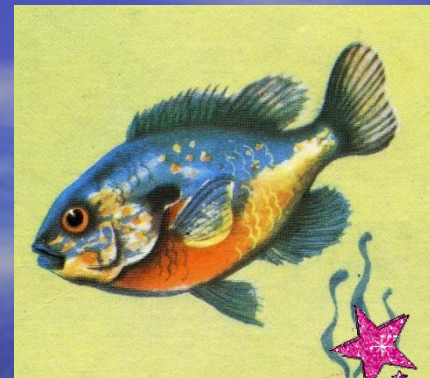

Тонна в рот земли войдет,

Если крот раскроет рот.

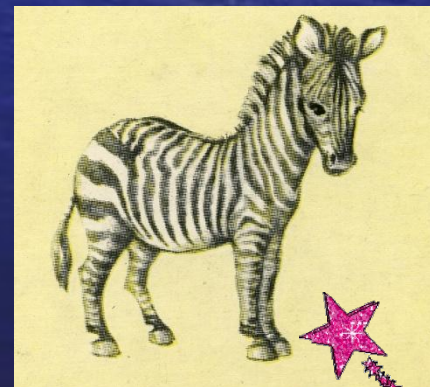

7. Крылья есть, а не  
летает;  
Ног нет, да не догонишь.

8. Что за коняшки – на  
всех тельняшки?

9. Два кольца, два конца,  
а посередине гвоздик.

10. Лежала между елками  
подушечка с иголками.

Молодец!
