Чего не стало?
[P]

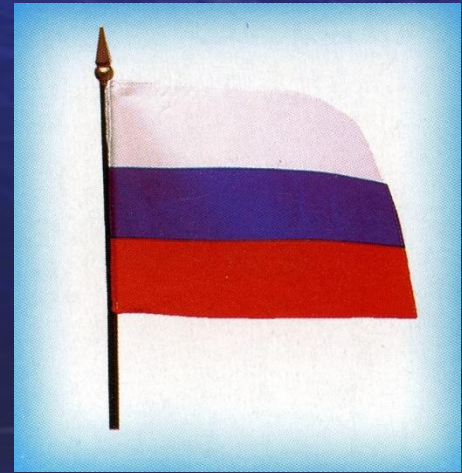

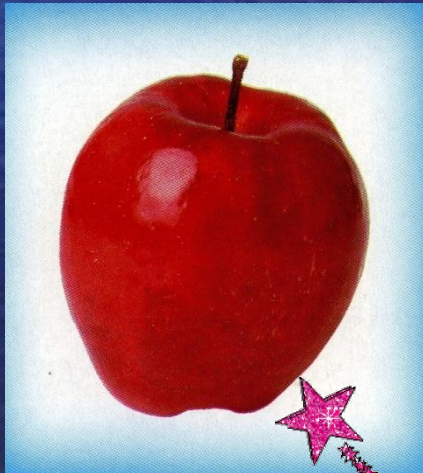

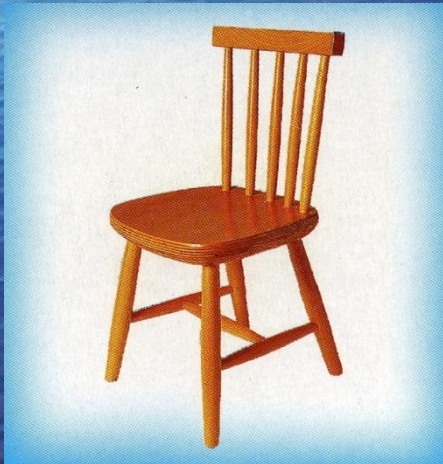

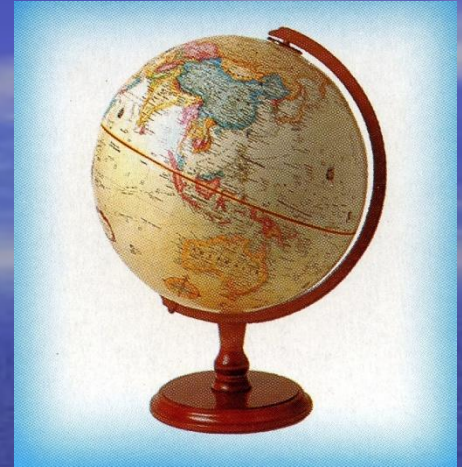

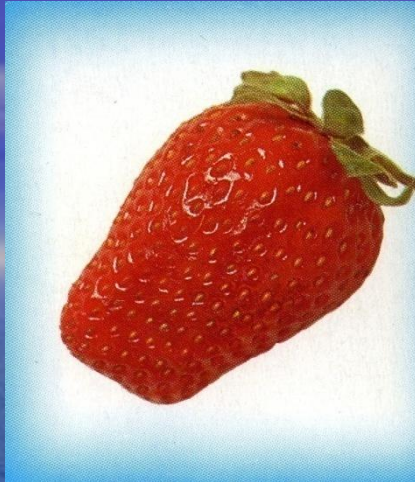

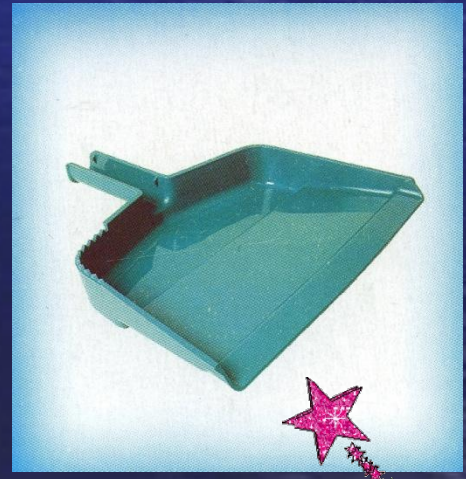

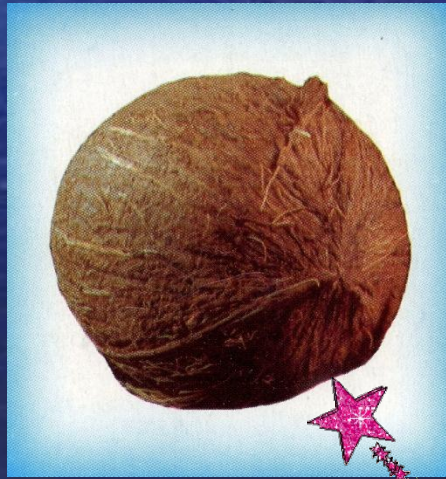

Чего не стало?
[Л]

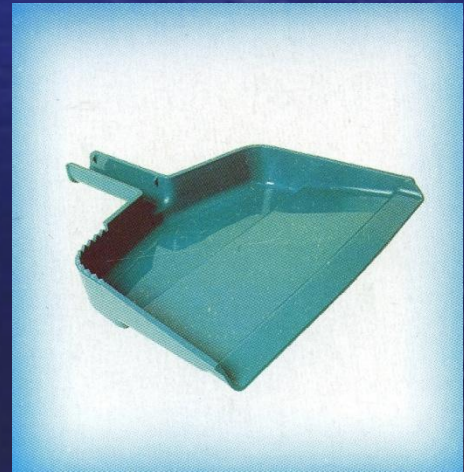

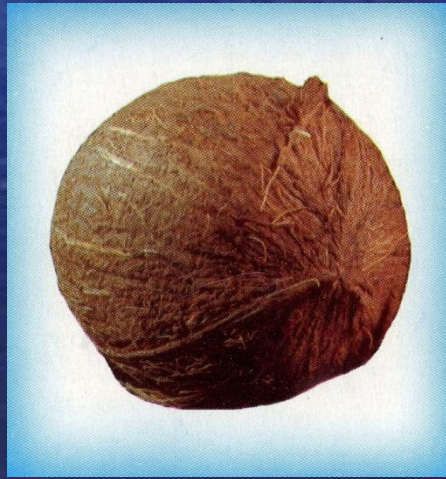

A sunset over a vast blue ocean. The sky is a deep blue with wispy white clouds. The sun is low on the horizon, creating a bright, colorful glow that reflects on the water's surface. The water transitions from a light blue near the horizon to a darker blue in the foreground.

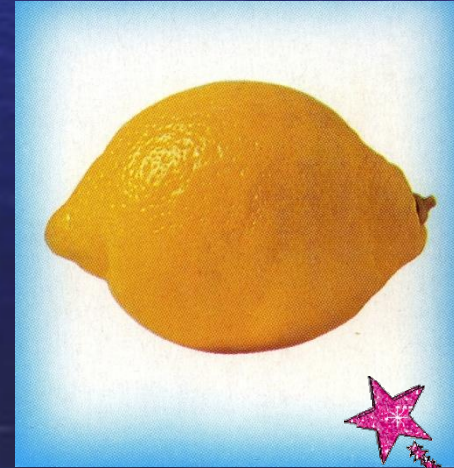

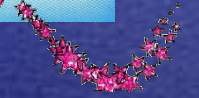

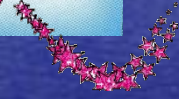

Чего не стало?
[ЛЬ]

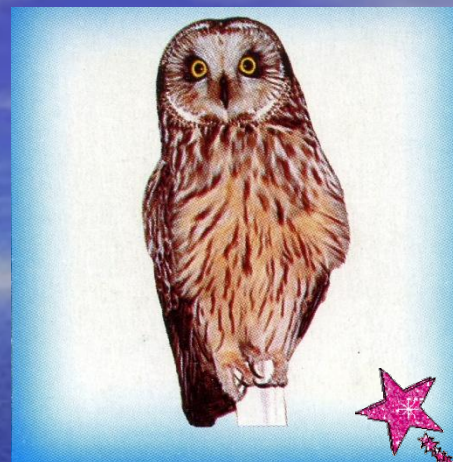

A wide-angle photograph of a calm, deep blue ocean stretching to the horizon. The sky is a clear, vibrant blue with wispy white clouds. On the left side, a bright light source, likely the sun, creates a shimmering, multi-colored reflection on the water's surface, transitioning from yellow to green to blue. The overall mood is serene and expansive.
