My travel

We left early in the morning. We drove for 5 hours. We come and bought tickets for an excursion to the grottoes. There they told us the story of the grottoes, and then they turned on the music. After the excursion, we decided to walk through the territory of Ruskeala Park, it was very beautiful there.

Ruskeala Canyon

And at the end of the excursion, we not only left the grottoes along a different path, but also went to the flooded quarry, sit a raft with a motor and swam across the canyon. Then we went out and went for a walk in the park.

Interesting facts of Ruskeala

- Most of the marble for building in St. Petersburg was mined in Ruskeala.
- The main canyon where marble was mined is now flooded.

Ruskeala Park

- Ruskeala park is very beautiful. There are huge marble walls and many stone turrets.

Where did we go next?

- Next we going to the Karelian waterfalls. We walk in ecological park, waterfalls located in this is park.
- We really liked these waterfalls. After that we went to look for a camping site, and we found it. We settled down there, ate, and went to bed. The next day we got up early in the morning and went home.
