

My favourite book

Poduzova Anastasiya

"The Kid and Carlson" was written by Astrid Lindgren.

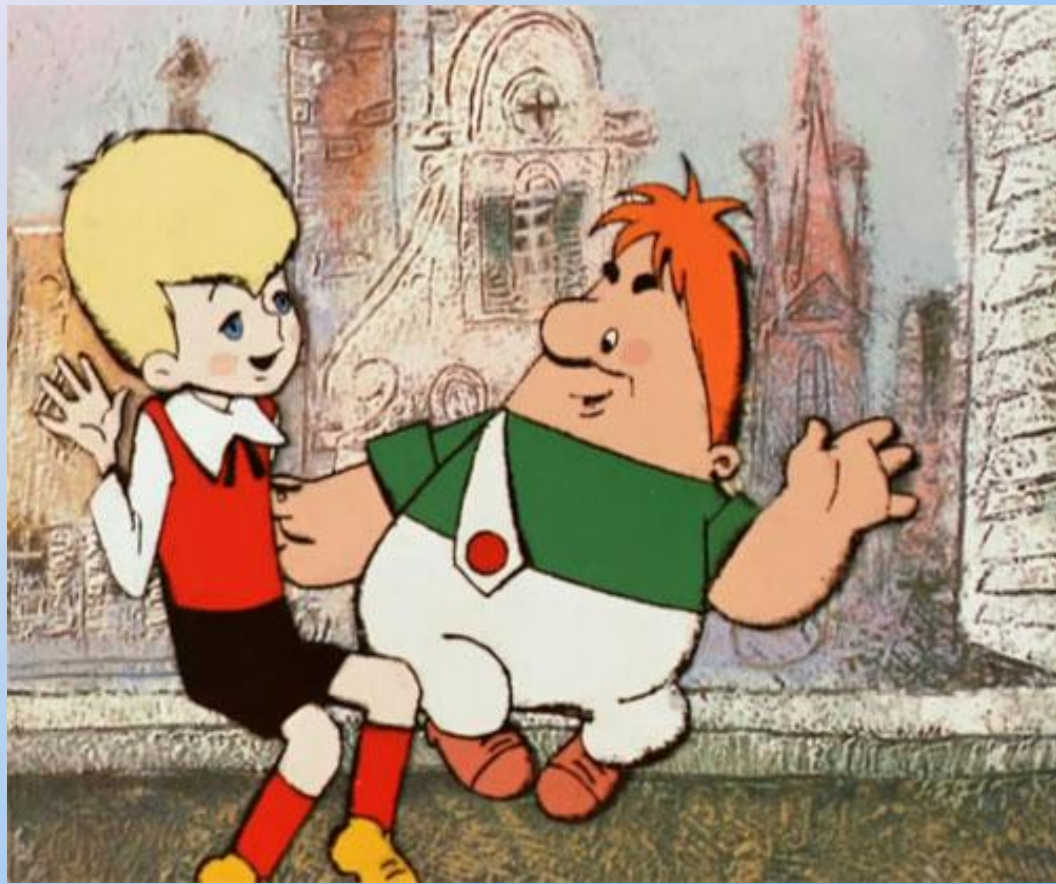

"Carlson, who lives on the roof" is my favourite book.

Series books consist three parts.

- „The kid and Carlson, who lives on the roof!”
- „ Carlson who lives on the roof has arrived again.”
- „ Carlson who lives on the roof is playing pranks again.”

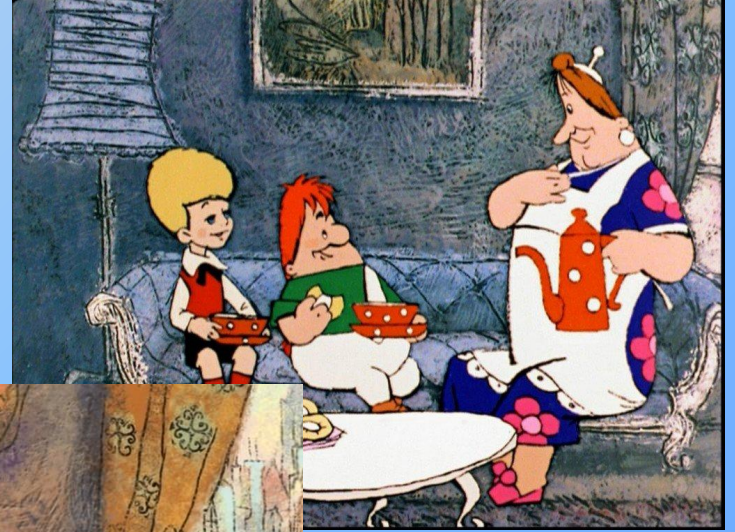

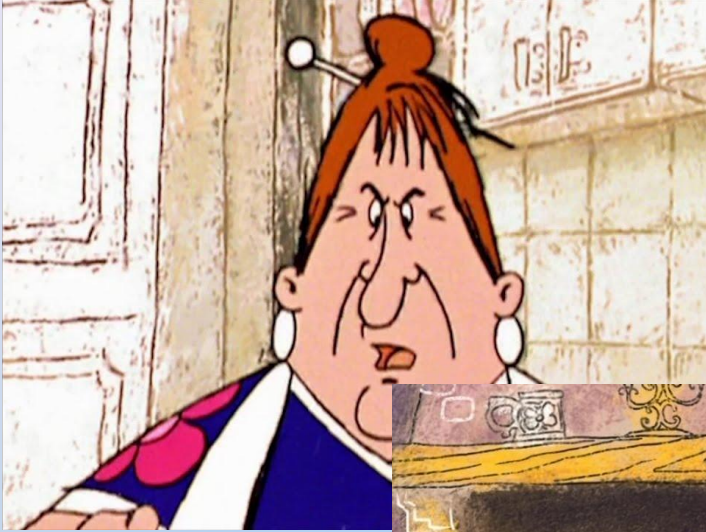

This is a history about small boy and his friend.
I think that a small boy is very sad and alone.
When he has friend the kid gets happy.
They get into different stories.

Especially I like the chapter in which Carlson and kid caught thieves.

Carlson is so charming that even so strict nanny becomes kindness.

When Carlson leaves the baby is waiting for him because he bring him joy.
