Nizhny Novgorod Youth Department of the Russian Society of Political Scientists

- Open Student Association, created on the basis of the Institute of International Relations and World History of the UNN
- The organization unites young representatives of the academic and professional community in the field of politics and political science.
- The organization provides an exchange of scientific and practical experience between Russian and foreign young political scientists.

- More than 4 years of active work
- Open seminars with well-known invited experts and professors
- Round tables and conferences
- Participation in summer forum campaigns throughout Russia
- Education schools in Russia and abroad
- Visiting legislative branches in the Nizhny Novgorod Region and Moscow

Russian federal project "Youth 2030: The Future of Russia through the eyes of the Young Generation"

- The project is being implemented among all regional departments of the Russian Society of Political Scientists. According to the results, the Manifesto of the Russian Youth will be adopted. Debates and a student round table were held in Nizhny Novgorod.

School of public speaking

«Just say it»

The goal of the project is to attract the students attention to the problem of the quality and practice of public speaking. The school includes theoretical and practical classes in public speaking
