

*Today we are going to tell you about our plans for future. I hope you will be interested.*

I plan to spend the next vacation with my family . In the new year we want to go to the mountains to ride a sled.

And in the Nauryz holiday I want to cook Nauryz kozhe. And next weekend I want to go to a beauty salon. Next Saturday my friend and I will go shopping . On Wednesday I`ll go to karaoke with my friends. On Friday mom and I will go for a massage . At Nauryz , my family and I decided to go a concert . Today after lunch I`ll go to fitness. Tomorrow meeting with classmates.

I have a rest with my family next weekend . We love each other very much and want to pay more attention to each other. Once we often walked well it was a very long time. We walked through the parks of Almaty and in winter we went to medeu to skate. It was very cool. Well, now we are not walking , but we are trying to travel outside the city on weekends to relax and get some fresh air. I`m going to visit my grandparents. Then I`ll go to a friend`s party. The next day I will go to the central library to prepare. These are my plans for next weekend

Summer is coming , and I look forward to it. Of course, this is my favorite time of the year because the weather is great and you don't need to go to university . After a long and difficult school year , you are tired of studying , so I will enjoy the summer holidays and get a lot of pleasure. I hope they will be as exciting as my last summer vacation . I would like to spend my summer holidays in the country with my grandparents . My friends and cousins will be waiting for me there . I miss them so much. And I`m going to help my grandparents in the garden. So I`ll be outdoors all the time . I hop that the summer of 2020 will be the best summer of my life , and I will start my new school year happy , taneed and refreshed!

Nauryz is one of the wonderful holidays of spring. Our folk celebrate this holiday on the 22<sup>nd</sup> of march. In our family tradition , we celebrate Nauryz especially . And this year we`re going to make boursaks with grandmother . They will be crispy and delicious . My mother will prepare a national meal called beshbarmak.

Relatives, neighbors , friends will visit our home.

On Saturdays and Sundays I'm free. I don't go to university and can do what I want.

On Sundays I often go for a walk with my parents. Sometimes we are going to go to the theater and to small picnics. And now my plans for the coming holidays.

Next month, in November our family will have a big wedding.

In December, for the New Year, my family and I always decorate the house and the Christmas tree, give each other gifts, wishing success and good luck in the New Year.

We are planning to spend an interesting holiday Nauryz with our family.

In the Spring holidays we will plan to go hiking in the mountains.
