25/M

Presenting complaints

1. Trigeminal Neuralgia -Right side
2. Starts from- Right mandibular joint, with pain in all over the head
3. Head temple pain is a lot since many years
4. Pain : Throbbing, pulsating
5. Agg: stress, cold, before thunderstorms
6. Amel: pressure, warm, rubbing

Ailments from

1. It was there always but after falling on floor it had increased a lot
2. After that the pain is becoming unbearable

State of mind

Anger:

if someone doesn't listen to me

If people don't ask me before doing anything

I get angry

I get headache, neuralgia when angry

Fear:

of alone

I feel very bad

I feel I am stuck from every where I feel suffocated

I want to get free

I am unable to breathe when alone

I have no one

Sensitive : if someone scolds or shout at me

Even if someone show me eyes I become sensitive.

If someone doesn't like my things what I do

I have broken many things in past

I cannot take it if people become over to me I am little egoistic about my things

Dreams: of animal attacking me

Feeling: I am not able to shout I am screaming but no one hears

I didn't know what will happen
I feel guilty and keep blaming that it's
all because of my mistakes

I feel poor for myself

I feel helpless but I keep things to me
Wakes up with startle

Stressful situation

I was very attached to my father he left me since childhood

He was everything for me but he never cared about me

He went to stay with someone else so I was very hurt

He didn't accept me ,he neglected me

I Feel very angry about it

Sometimes I Feel like doing Some things but I Didn't Do anything

Another stressful situations was when people at work didn't allow me to wear the dress I Wanted to wear it hurt me so badly I felt crying but I didn't

It's still there in my mind I Will show them when time comes I Kept within myself

But generals I don't it hurt me a lot it was Like disrespect and Insult for me..

Childhood nature

introverted

Aggressive many times

Doesn't like to express

Used to stay within herself

Very egoistic used to not go to anyone for anything

Hardly used to Talk to anyone
