

The toys were happy to be at the kindergarten!

Mr. and Mrs. Potato Head were also happy and excited to play with new kids

And Dino could not wait to see the kids. He was the most excited!!

Then, Mr. Pig heard the kids coming and told everyone to get ready

Mr. Pig said for them to be ready because there were a lot of kids outside

All the toys were running to get in place to wait for the kids

While everyone were getting in position, Buzz saw some other toys running away

The other toys were hiding from the kids

They were all scared when they heard the kids coming

And then when the bell rang

Dino was so excited that he was waiting at the door for the kids

But the kids were running and making too much noise

All the kids were running and fighting to take the toys

They were making a lot of mess and screaming

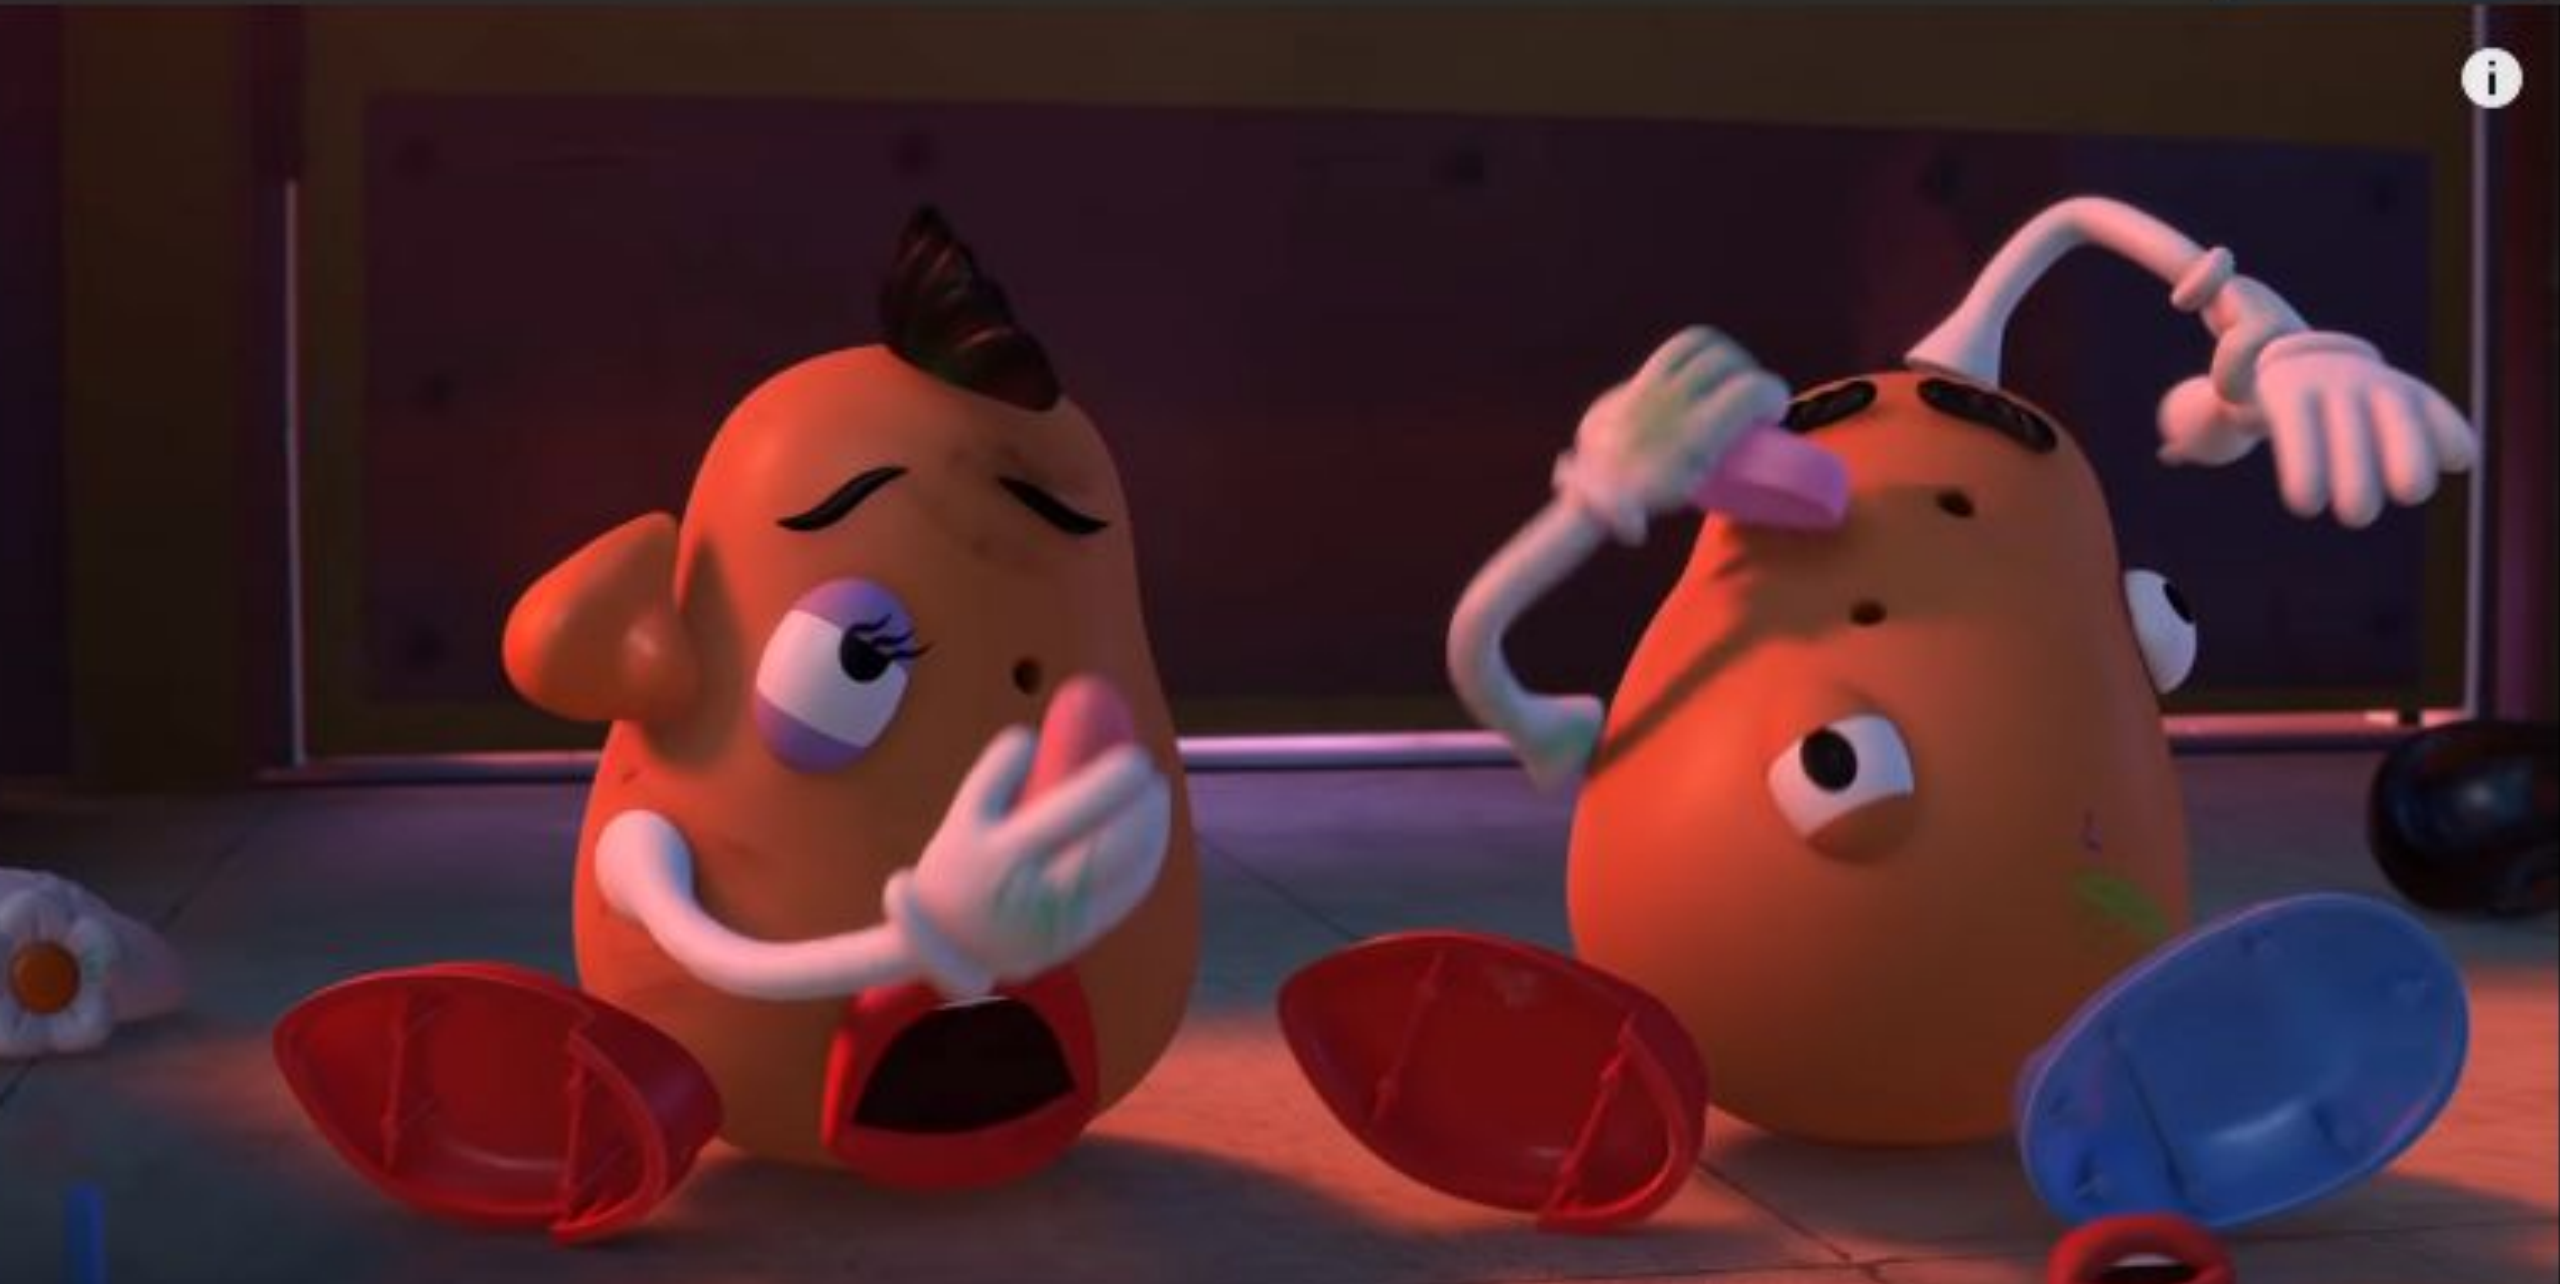

The room was a mess!!!!

**After the playtime, all the kids went home
and**

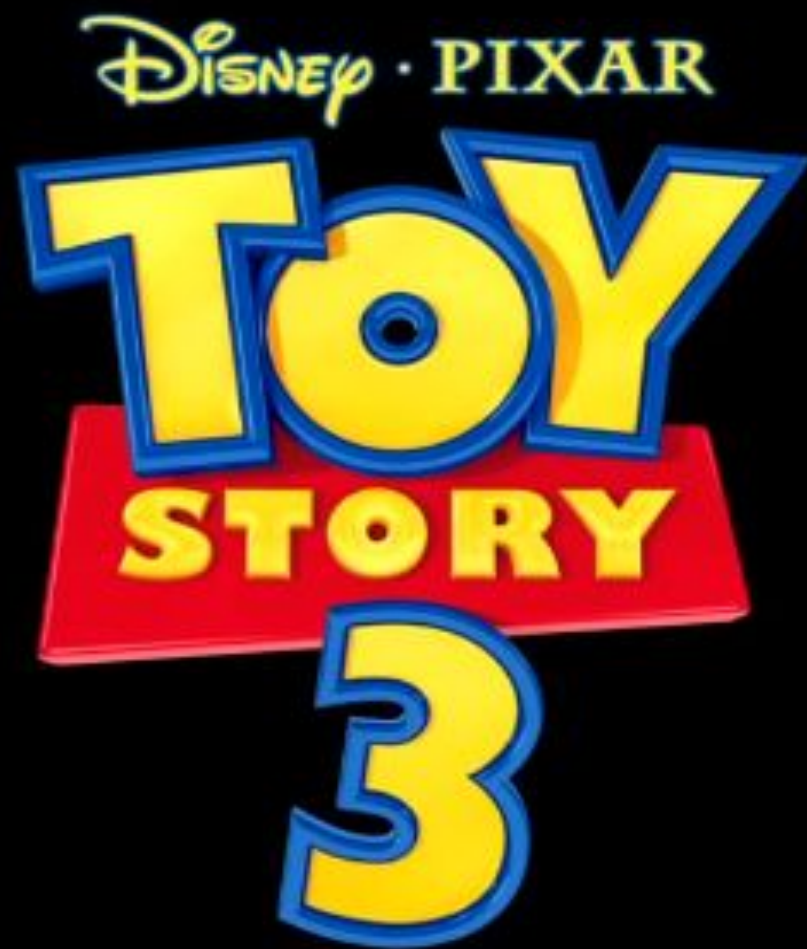

All the toys were tired and dirty

Mr. and Mrs. Potato Head could not find their body parts

All the toys were searching for their body parts and cleaning themselves
