Answer key :

Answer Key

1 *printed*

2 *pill*

3 *drones*

4 *electric*

5 *solar-powered*

6 *outer*

7 *online*

8 *reality*

We use *will* to make a positive prediction and *won't* to make a negative prediction.

Which of the ideas in Ex. 1 do you think will/won't happen in the next 20 years?

Example:

I don't think we will eat 3 D-printed meals. I think we will eat a three-course meal in a pill.

Suggested Answer Key:

I think we won't commute on drones. I think we will use electric cars.

I think we will live in solar-powered houses. I think we won't live in outer space.

I think we won't learn online from home. I think we will use virtual reality devices in classrooms.

**Hometask: “The best way to
predict the future is to create it”
(Peter Drucker)**
