

The house of my
dreams is in a quiet
and cozy place, in a
small town.

My dream house

The house has a spacious and technologically advanced kitchen, where we will have breakfast, lunch and dinner.

The house has two bedrooms
and a hospitable lounge.

In these places there will be physical
and spiritual cleansing.

There are still places where we will have fun and enjoyable time. This is a library with a reading room, a console, table football and ping-pong.
