Offline Dictionaries

Offline Dictionaries is a mobile dictionary in Russian, which supports more than 50 languages. This software can be used even without access to the Internet - for example, in an airplane, and this distinguishes it from many other analogs. Offline Dictionaries for Android are quickly loaded into the memory of a mobile device and gives you the near-perfect agile translation thanks to optimized algorithms.

Cards can be downloaded separately or you can make them by your own inserting into an empty field picture and signature. With AnkiDroid it is possible to study multiple language profiles simultaneously: communication, profession, fun, slang, etc. Base of personal decks is not limited, and can be exported to external media or to the cloud. Laying out the card, the user needs to look for synonyms, do the translation or find the opposite meaning of the word.

It is for the most discriminating consumers. The program will help to improve the listening, reading skills and, of course, enrich vocabulary so there are a lot of apparent advantages. One of the advantages is that the program has a user-friendly runtime environment. The training consists of 12 lessons, which are based on the materials of the authoritative newspaper The New York Times. You need to read the selected article, after the system will check how well you understand the text, audio and provide keywords.

English Lesson 3 of 12

Obama, No Day to Bask, He Starts to Build a Team

By PETER BAKER AND JEFF ZELENY

Published: November 6th, 2008

President-elect Barack Obama began moving Wednesday to build his administration and make good on his ambitious promises to point the

United States in a different direction, as his commanding victory reordered the American political landscape and transfixed much of the nation and the world.

2. A day after becoming the first African-
