The background features a watercolor-style illustration of several colored pencils. At the top, two pencils are shown in shades of orange and yellow, with their tips pointing towards the center. Below them, two more pencils in shades of blue and purple are shown, with their tips pointing towards the center. The pencils are surrounded by soft, painterly trails of their respective colors, creating a sense of movement and artistic activity. The overall style is bright and cheerful, suitable for a children's educational resource.
