

The background is a stylized illustration of a forest. It features several tall, thin tree trunks in shades of grey and brown. The branches are dark brown and are adorned with orange and white flowers. Numerous small, orange and white leaves are shown falling from the trees, creating a sense of autumn. A small, orange and white bird is perched on a branch in the center, while another bird is shown in flight on the right side, leaving a dashed line behind it.

Зимующие и перелетные птицы
