

A scanning electron micrograph (SEM) showing a dense cluster of rod-shaped bacteria. The bacteria are light blue and have a textured, almost crystalline surface. Some bacteria are connected by thin, brownish filaments. A few spherical structures, possibly spores or capsules, are visible among the rods. The background is dark, making the bacteria stand out.

WHO IS FRANK SINATRA?

Legendary singer Frank (Francis Albert) Sinatra was arguably one of the greatest—and most acclaimed—vocalists in this century; he made 1,414 studio recordings and had at least one song on the music charts every year between 1945 and 1995. He was as much noted for his passionate approach to life as for his music, and his ironclad self-confidence combined with classic good looks, pitched him into the realm of celebrity early in his career. He married high-profile actresses and starred in films himself, and his glamorous lifestyle eventually epitomized the Hollywood of the 1950s and 1960s.

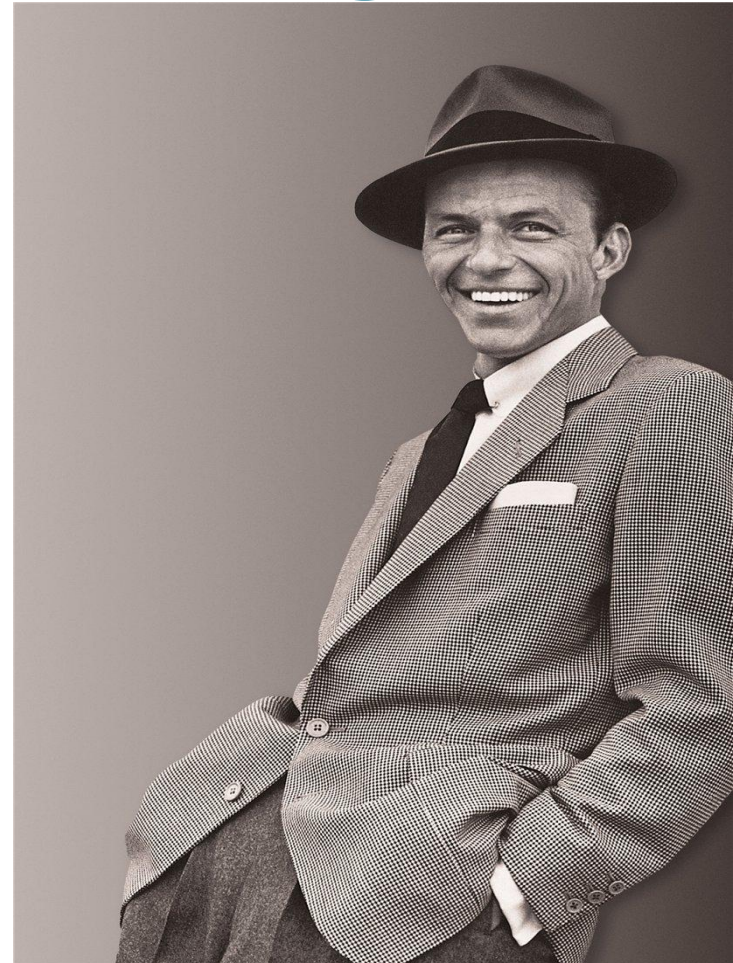

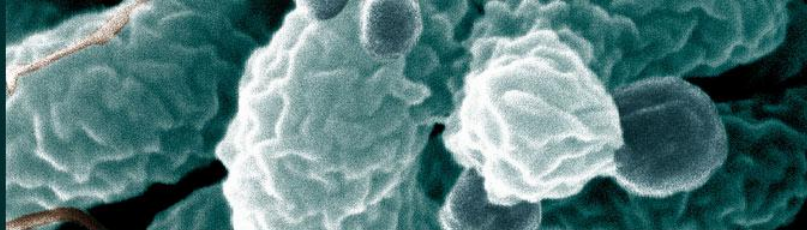

Frank Sinatra became an icon due to his romantic ballads, smooth, heartfelt vocal style, timeless material, and abundance of style. His singles “My Way” and “New York, New York” were so popular they transcended music to become a part of a larger, cultural bond, Time magazine’s Jay Cocks wrote, “Not only does his music define the time and temper of the American decades in which it was made, but his singing moves those songs out of time into something indistinct, everlasting. In Sinatra’s music, there is no past tense. You could say he was the greatest, and that’s right. But... there’s nothing you can call him that doesn’t in some way sell him short. Except Sinatra.”

Let it snow

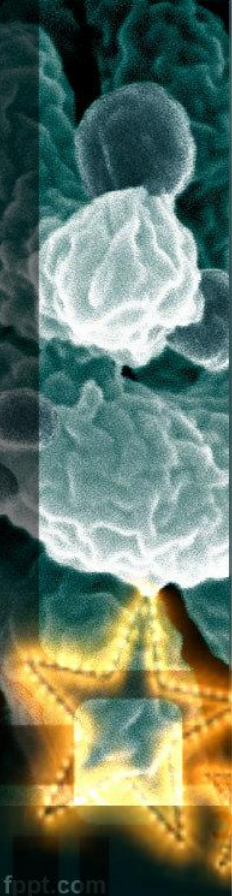

- 
- 1) What do the little Francis made a love of music in 13 years?
 - 2) In whose jazz bands did Frank Sinatra play?
 - 3) During shooting on what film did will Frank Sinatra?

FROM WHAT SONGS ARE THESE LINES?

**1 HE DONT CARE ABOUT THE COLD
AND THE WINDS THAT BLOW
HE JUST SAYS LET IT SNOW
LET IT SNOW LET IT SNOW**

**2 TO THINK I DID ALL THAT
AND MAY I SAY NOT IN A SHY WAY**

**3 IM LIKE AN OCEAN WAVE THATS
BUMPED ON THE SHORE
I FEEL SO ABSOLUTELY
STUMPED ON THE FLOOR**

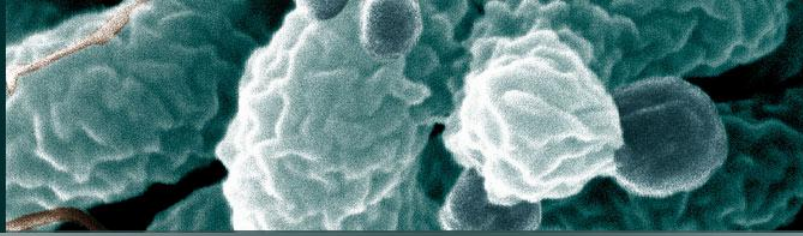

1) What year was Frank Sinatra born?

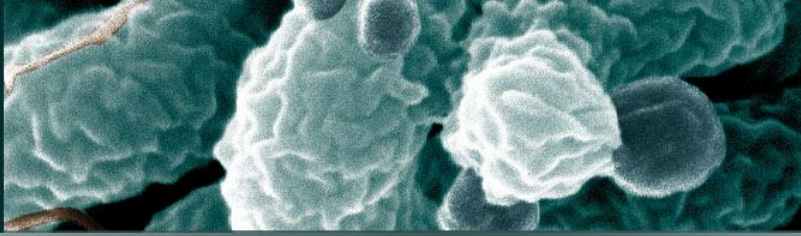

2) What activities proved to be the ones of Frank Sinatra?

3) What are the most popular songs of Frank Sinatra?
