

Ravens of the Tower of London

By Kirill Filippov 1BK0

- This legend is about black ravens of The tower of london. There is a fact that in london tower live ravens and people think that if all ravens leave than the royal family will disappear and tower will be destroyed. Thats why there are work people who feed and watch them.

- This legend appeared in 1666. In 1666 had happened a great fire of London. All London was burning 3 days. And on 4th day all animals like pigs, dogs, ravens and other were leaving in burned houses. And The king ordered to kill animals because could happened the plague. But his astrologer said that the kingdom will be destroyed if last raven will die.
