Both children and adults around the world love playing Snakes and Ladders. Snakes and Ladders is not a modern game. It comes from an old Indian game. It is a game about good and evil.

Snakes and Ladders is a game for two to six players. To play it, you need the board, a dice and some counters. You start on square number ONE and you move your counter the number of squares shown on the dice. When you land on a square at the bottom of a ladder you go UP to the top of the ladder, but when you land on a snake you go DOWN to the tail of the snake. Whoever gets to the last square first wins!
