

HI, MY NAME IS DASHA

Seriously, Kachenovskaya Dar`ya Ivanovna

- I was born in Moscow, Russia. I`ve been living here for 19 years
- Like every ordinary child I was enrolled in first grade of governmental school. There I found a lot of good friends
- Last year I went to Moscow State Pedagogical University. I decided to go to this university, because since my childhood I`m fond of drawing. I`ve been going to art school for a few years. And I really enjoy teaching. So, It was a great success to find a faculty that combines two my favorite occupations

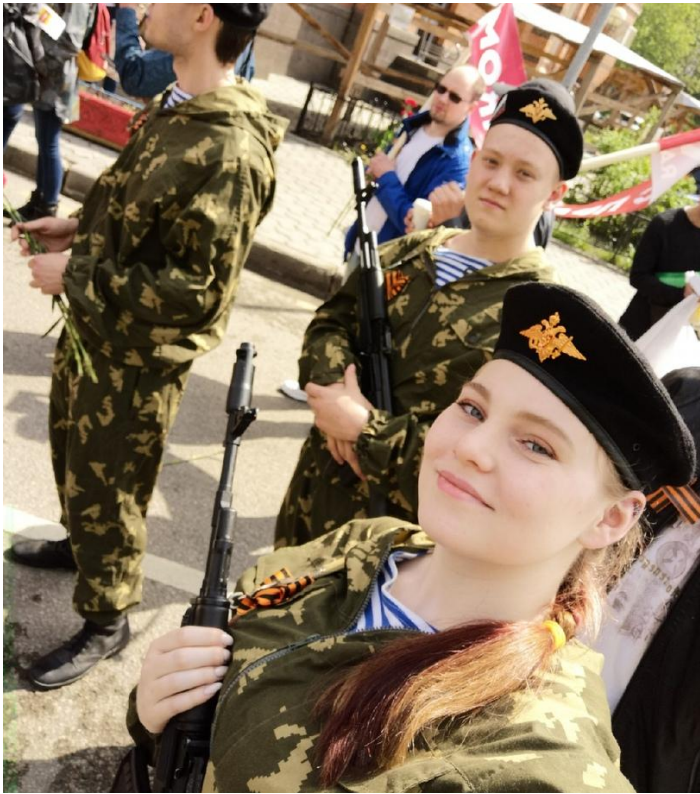

This choice changed myself a lot, but I really enjoy this part of my life`s journey. I still have no regrets!

Family takes an important part in my life. I have many relatives, but live only with my mother, father and sister

Since childhood, I tried myself in many kinds of activity

- Well, I had swimming, dancing (even Eastern dance), did gymnastics, could ride a horse and have a good skill for flying dagger. In addition, I do mountain skiing and can take apart the AK-74 assault rifle. That`s even not all my skills, but I hope, you`ve already realized that my parents don`t like when I sit idle.
- I leaved a lot of clubs and lessons, but I really found muself in karate.

A person in a green jacket is holding a rifle and talking to a child in a grey shirt with a red and yellow sash. They are standing at a picnic table in a park. The background shows trees and a fence with red stars. The text is overlaid on the image.

I HAVE BEEN PRACTICING KARATE FOR
6 YEARS, AND 2 YEARS I`VE BEEN
WORKING AS AN INSTRUCCTOR

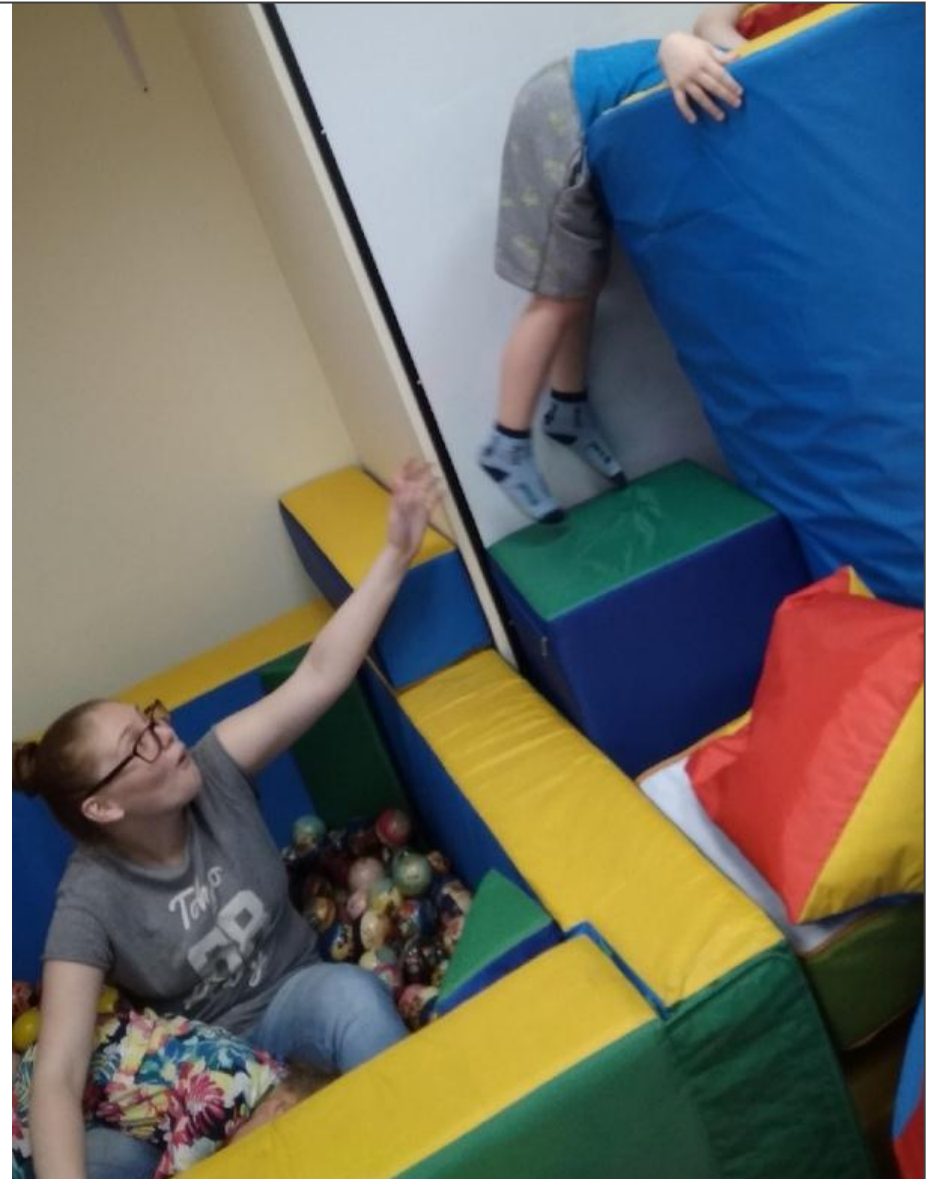

DESPITE ALL THE DIFFICULTIES
OF WORKING WITH
CHILDREN, I`M VERY
PLEASED WITH MY JOB.
AND I REALLY ENJOY MOMENTS
WITH "MY CHILDREN"

(Yeah, this "little boy" in the photo is also my ward)

BESIDES, I`VE BEEN
HELPING MOM IN HER
WORK WITH CHILDREN
WITH AUTISM SPECTRUM
DISORDER (ASD) FOR 2
YEARS

ATTENTION! This is staged photo. No one child was
hurt!

Here you can see some of my works, actually these works were made as a combination of black and white. It was one of my latest drawings in my art school at the faculty of graphics

Honestly, I find myself lucky in this life. I have got lovely parents, real friends and clear goals.

I believe, that it will help me in my development and self-improvement!

THANKS FOR YOUR
ATTENTION!
