ONLINE MIC TEST

◉ **Get Easily Started With Your Test!**

◉ The Test:

1 Click the 'play' button.
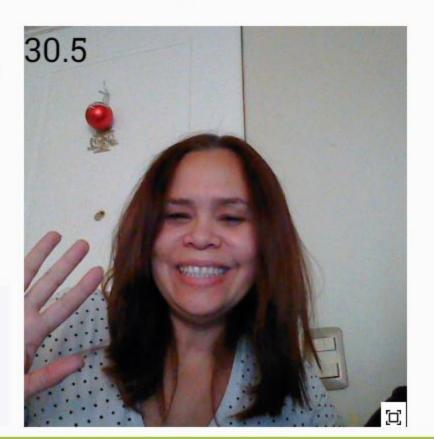

2 Click 'allow' if you see a question in the browser.

3 Now you should see yourself (or whatever your webcam is pointed at!)

If you can see on your screen the image that your webcam is taking then that means that it works correctly!

Your Privacy Is Important To Us

All our tests run on the "client side" - which means that we do not and can not see or record the image coming from your web cam.
