In my room two beds, one workspace , one wardrobe, TV and a computer.

I think that this room is very suitable for the ordinary student, because it will be very comfortable and cozy

My workplace is located near a window, a bed located on the Northern app Suite, the TV set weighs on my wall, my PC is in the workplace.

In my room hranyatsya old books of different authors. I think for the ideal with most importantly a comfortable atmosphere, if the atmosphere is very good
