

A tropical sunset scene with a palm tree and the ocean. The sun is low on the horizon, casting a warm orange and pink glow across the sky and the water. A large palm tree stands on the right side of the frame, its fronds silhouetted against the bright sky. The ocean is a deep blue with gentle ripples. In the foreground, there are some smaller palm trees and foliage.

**In disputes** who appeared earlier, the Jewish people or their state, monuments, such as ancient castles, are a weighty argument.

The image is a full-page background photograph. It depicts a rugged landscape with ancient stone ruins, likely a castle or fortress, built into a hillside. The ruins are made of large, weathered stone blocks. A paved road winds through a valley below the ruins, flanked by dense green vegetation. In the background, there are more hills and mountains under a sky with soft, golden light, suggesting sunrise or sunset. The overall tone is historical and majestic.

The people are the carriers of the state, so everyone who accepts keeps and values the **history** of the people can rightfully be considered part of it.

*Everyone is able to see for themselves the places that are archaeological and historical monuments.*
