The central area contains four items arranged horizontally. From left to right: a pocket watch with a white face and a red and blue compass needle, set against a light green background; a gold ring with a large, rectangular green gemstone, with a '4' above it and radiating lines indicating sparkle; a blue iron with a yellow soleplate, with a '5' above it; and a photograph of a black chicken with a red comb, standing on a nest of straw. The numbers '1, 2, 5' are positioned above the chicken photo. The entire set is enclosed in a white rectangular frame.
