A SMART board interface showing a chemistry lesson. The word "BROMINE" is written in pink at the top. Below it, several pink circles contain the chemical symbol "Br". A hand-drawn white envelope shape is positioned over the text. On the right side of the board, there is a software interface with a menu and a grid of chemical symbols and icons. The menu includes options like "New", "Open", "Save", "Print", "Copy", "Paste", "Undo", "Redo", "Eraser", "Laser", "Pointer", "Zoom In", "Zoom Out", "Full Screen", "Help". The grid contains symbols for Br, C, H, N, O, P, Zn, and others, each with a corresponding colored circle and a small icon representing the element's properties or structure.

Результаты

- ▶ Творческая активность детей;
- ▶ Раскрепощение личности каждого ребёнка;
- ▶ Создание ситуации успеха;
- ▶ Обогащение словарного запаса;
- ▶ Развитие логического мышления;
- ▶ Улучшение памяти учащихся;
- ▶ Приобретение опыта работы в группах, в парах, самостоятельно;
- ▶ Усиление мотивации в обучении.
