Please read the text

Once a rich Englishwoman called Mrs Johnson decided to have a birthday party. She invited a lot of guests and a singer. The singer was poor, but he had a very good voice.

The singer got to Mrs Johnson's house at exactly six o'clock as he had been asked to do, but when he went in, he saw through a door that the dining-room was already full of guests, who were sitting round a big table in the middle of the room. The guests were eating, joking, laughing, and talking loudly. Mrs Johnson came out to him, and he thought she was going to ask him to join them, when she said, «We're glad, sir, that you have come. You will be singing after dinner, I'll call you as soon as we're ready to listen to you. Now will you go into the kitchen and have dinner, too, please?»

The singer was very angry, but said nothing. At first he wanted to leave Mrs Johnson's house at once, but then he changed his mind and decided to stay and teach her and her rich guests a good lesson. When the singer went into the kitchen, the servants were having dinner, too. He joined them. After dinner, the singer thanked everybody and said, «Well, now I'm going to sing to you, my good friends.» And he sang them some beautiful songs.

Soon Mrs Johnson called the singer.

«Well, sir, we're ready.»

«Ready?» asked the singer. «What are you ready for?»

«To listen to you,» said Mrs Johnson in an angry voice.

«Listen to me? But I have already sung, and I'm afraid I shan't be able to sing any more tonight.»

«Where did you sing?»

«In the kitchen. I always sing for those I have dinner with.»

Smile!

Please, solve
the puzzle

The puzzle consists of four rows of equations on a yellow background. Each row contains icons and mathematical symbols. The first three rows are solved, and the fourth row is a question.

- Row 1: Three identical icons of a square inside a hexagon, each with a grey shaded area on the right side, followed by a plus sign, another identical icon, another plus sign, a third identical icon, and an equals sign followed by the number 45.
- Row 2: Two identical icons of a bunch of three yellow bananas, followed by a plus sign, another identical icon, another plus sign, one of the square-in-hexagon icons, and an equals sign followed by the number 23.
- Row 3: One icon of a bunch of three yellow bananas, followed by a plus sign, one icon of a round clock showing 3:00, another plus sign, another identical clock icon, and an equals sign followed by the number 10.
- Row 4: One icon of a round clock showing 2:00, followed by a plus sign, one icon of a bunch of three yellow bananas, another plus sign, another identical banana icon, a multiplication sign, one of the square-in-hexagon icons, and an equals sign followed by a red question mark.

Find the error in the code

```
from enum import Enum, auto
```

```
class Monster(Enum)
```

```
    ZOMBIE = auto()
```

```
    WARRIOR = auto()
```

```
    BEAR = auto()
```

```
print(Monster.ZOMBIE)
```
