

Real Schools is serious about Social Media

Teachers are among the professions with the highest access rates to social media. And so, it makes sense that Real Schools is where our kind of people are!

We post twice a day to our Facebook page and regularly to our Twitter account too. But we're not like other "businesses" in the way we post. We post FOR our communities and not AT them. So you won't be getting ads from us. You'll get:

- *Stories of schools just like yours who are getting it right.*
- *Information and inspiration.*
- *Useful tips.*
- *Infographics.*
- *Updates on free webinars and events.*

We believe in using Social Media to be of service to you and your school.
