A SMARTboard interactive whiteboard in a classroom. The board displays a chemistry lesson on Bromine. At the top, the word "BROMINE" is written in large, pink, stylized letters. Below it, there are several pink circles, each containing the chemical symbol "Br". A hand is pointing at the board. On the right side of the board, there is a software interface with a list of elements and their symbols: H, C, Cl, N, O, P, Zn, and others. The board is labeled "SMARTboard" at the top left. The interface includes a menu with options like "Home", "Back", "Forward", "Erase", "Pen", "Eraser", "Laser", "Rubber", "Wipe", "Undo", "Redo", "Close", "Print", "Help", and "Exit". There are also icons for "Home", "Back", "Forward", "Erase", "Pen", "Eraser", "Laser", "Rubber", "Wipe", "Undo", "Redo", "Close", "Print", "Help", and "Exit".
