The image shows a web-based logo design tool interface. On the left, there is a grid of logo concepts. The top-left concept is a circular logo with a burger and the text 'BU... * WE MAKE IT... YOU TASTE * SLE...'. Below it are three other concepts: '3' with a 'Quacky Bar' logo featuring a duck and palm trees; '4' with a 'RedShoe SOUND PRODUCTIONS' logo featuring a red shoe; and '5' with a 'PANDA DEVELOPMENT GROUP' logo featuring a panda. To the right of the grid is a form for providing feedback and preferences. The form includes a text input for 'What do you like about this design?', a section for 'Select colours you would like to see in the design.' with four color selection boxes, a section for 'Are there any aspects from the other logos you would like to incorporate into your chosen design?' with a text input, a section for 'Do you have any images, photos, or sketches that you would like to share with the design team?' with a 'Browse' button, and a section for 'Do you have any additional feedback you would like to give?' with a text input. At the bottom, there is a checkbox for 'Put a rush on my logos and see results in X days for \$XX'. A red rectangular box highlights a 'Select a Color' dialog box that is overlaid on the grid. This dialog box contains a 'Popular colors' row, a color wheel with a selected orange color, a color swatch with the hex code '#e38c13', an RGB input field showing 'R 155 G 155 B 155', a 'PMS (approximations)' section with four '7413 C' color swatches, and a 'Select color' button.

Rushed revisions to be added as an option on Logo Concepts stage

Are there any aspects from the other logos you would like to see in your chosen design?

Please indicate the logo samples when explaining your changes.

Do you have any images, photos, or sketches that you would like to share with the design team?

Supported file types are PDF, GIF, PNG, and JPG
