FEATURE 1 MILESTONES

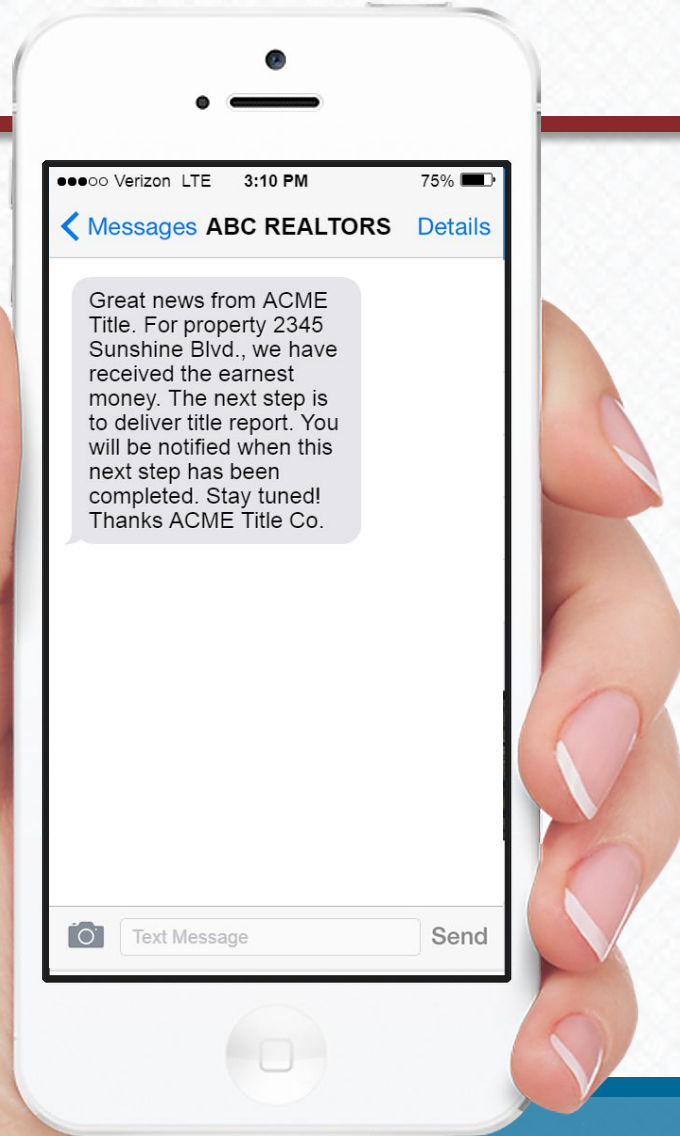

Keeping all parties to each transaction properly informed.

MILESTONE ALERTS

At Executive Settlement Providers, we think it is extremely important to keep all parties to each transaction informed of the progress so that everyone is up to date and on the same page. We accomplish this through Digital Closing Package milestone SMS texts or emails. When a milestone is reached, you and your clients will know!

MILESTONE ALERTS

We have set up important milestones throughout the closing process and upon completion, all parties receive a text or email

Each text or email will signify the property address, the milestone completed, and the next milestone

All parties can choose whether they prefer text messages or emails
